LE VILLAGE
WALLPAPER COLLECTION

Le Village pays homage to the Béarn village Montfort and its petit stone château, home to the talented interior designer, writer, and photographer Sara Silm. The collection also celebrates the connection between the Swedish royal family, the region, and Sandberg as a purveyor to the royal court. It's here that today's King Carl XVI Gustaf's origins can be traced to Jean Bernadotte, who was born in the region's capital city Pau.
