

# VR3 LEG PRESS TOTAL ACCESS

## FEATURES

**Centrally mounted seat adjustment** with lever which can be easily operated with either right or left hand. No grip is required.

**Instruction at seated user height** ensures ease of reading from a seated position by all users including those in wheelchairs.

**Large foot plate** for stability when exercising.

**Laser cut numbering** for seat adjustments, which can be viewed whilst seated. The large numbers are easily identified by visually impaired users.

**Large backrest and seat base** offer more stability and confidence for older users as well as those with reduced trunk stability.

**Weight stack with low start weight** and integral three-position twist select systems offering 2.5 kg increments is suitable for inexperienced and older users.
