

VR3 SEATED LEG CURL TOTAL ACCESS

WITH START RLD

FEATURES

Five position adjustable calf pad accommodates different lower leg lengths.

Large seat base facilitates easy transfer from a wheelchair.

Thigh pad hold-down mechanism allows the thighs to be secured above the knee for reduced shear force on the knee joint while keeping it in a stable position.

Raised numbers and large font on ROM. Start positions are easy to adjust/identify for visually impaired and older users.

Start ROM on cam synchronized with user. Regardless of the starting position, the Cybex patent pending ROM adjustment ensures the cam moves to maintain the correct strength profile for the user.

User accessible weight stack offers ease of weight selection from seated exercise position.
