

VR3 CABLE COLUMN TOTAL ACCESS

FEATURES

Locking plunger adjustment on swing away seat allows easy access for wheelchair users and on-handed seat adjustment for users with limited mobility.

Multi-Function exerciser offering a very wide variety of exercises for all non-disabled and disabled users.

Large stability handles provide wheelchair and other users with the ability to stabilize when performing unilateral (single arm) exercises.

Large type instructions with clear fonts, including graphic instructions to suit all users.

Laser cut numbers on vertical height adjustment pole. The large numbers can be easily identified by visually impaired users.

Low start weight Low 2.5 kg start weights and 1.25 kg increments permit single arm exercise for users with stroke or other upper body impairment.

Height adjustment lever Pistol grip height adjustment enables adjustment of start height with one hand, essential for amputees and stroke users.

Twist select weight selection Integral 3-position Twist Select mechanism offers ease of weight selection from seated exercise position.
