

Plate Loaded Chest Press

Packed with features and exceptional movements, the Plate Loaded line merges superior technology with a passion for fitness. Cybex Plate Loaded and Free Weight lines are the definition of strength training – and equipment no club wants to be without.

EXTREME STRENGTH

Superior biomechanics in a space-efficient package. The Cybex Plate Loaded line is the most space-efficient user-friendly plate loaded line in the industry. It accommodates users of almost any size and its superior design meets the needs of advanced users, without intimidating others.

- Cybex science and design in a plate loaded line.
- Who said hard core has to be intimidating?
- Built tough to keep looking new.

FEATURES

- The 25° converging pattern provides an exceptional range of motion with consistent torque at the joint.
- Independent arm motion for balanced strength development.
- Two-position selectable starting position for a broad range of user size and flexibility.
- Overhead pivot provides a natural path of motion.
- Extra-sized grips reduce pressure on the hands for greater comfort when pressing.
