

# VR1

## Leg Press

Engineered for value. With its streamlined, space-saving design, this sturdy collection of 23 machines offers a comprehensive strength training solution regardless of your facility's size.

### FEATURES

- **Hip extension for better glutes:** The unique articulating carriage moves backward and tilts at the same time which encourages the user to push higher on the back. This unique Cybex-patented design provides for more complete hip extension and gluteal involvement.
- **Fits all:** The VR1 adjustable carriage accommodates a wide range of users by adjusting for both user height and range of motion.
- **Smaller footprint:** The unique design of the machine also means that the VR1 has an exceptionally small footprint making it ideal for space conscious applications.
