

# LANDFILL GAS-TO-ENERGY FINANCING

## True Project Financing

Supporting the growth in landfill gas-to-energy projects, Cat Financial has decades of experience in developing unique financing facilities for developers, managers and owners of landfills. Cat® generator sets provide the power, and Cat Financial provides the peace of mind.

Total project financing means we can develop a plan that incorporates costs beyond the generators – ancillary equipment, permits, engineering, construction, and more. With Caterpillar, you not only get a reliable product, but also an experienced financial partner dedicated to providing first-class support.

### Quality Experience, Unrivalled Expertise

With more than 20 years of experience in lending to the landfill industry, Cat Financial can analyze your project and help you determine your best financing options. Count on the lender who knows your business - Cat Financial.

## Complete Financing Solutions

- Construction + Term financing for projects that include Cat® generator sets
- Financing based on project cost
- Flexible repayment options during construction
- Competitive floating or fixed-rate structures available
- Standard loan terms up to 10 years plus construction period
- Financing in all major currencies supported

For expert lending designed to move you from approval to closing quickly and easily, call one of our three regional offices or E-mail us at [GlobalPowerFinance@cat.com](mailto:GlobalPowerFinance@cat.com).

All terms and conditions subject to final credit approval by Caterpillar Financial.
