

Cat® Extended Service Coverage (ESC)

# 4 EASY STEPS TO PROTECT YOUR PLEASURE CRAFT ENGINE, GENERATOR SET OR CAT® CONTROLS

You count on Cat® marine power for reliability and long service life—and with Cat Financial Insurance Services, you also get a lifetime of coverage options. ESC for new, used and overhauled pleasure craft engines and generator sets protects your investment and your peace of mind. Choosing coverage for your **propulsion or auxiliary engines, prime or standby generator sets, or Three60 Precision Control Systems** is as easy as following these four steps.

## 1 CHOOSE FROM A VARIETY OF COVERAGE OPTIONS

First, extend your protection beyond the original factory warranty by choosing the coverage option that's right for your situation.

<b>NEW ESC</b>	Coverage for marine pleasure craft engines, generator sets or Cat controls is available in 36- to 60- month terms, in 12-month increments, if purchased before the end of your original factory warranty.
<b>ADVANTAGE ESC</b>	Coverage is available after the end of the original factory warranty period in 12- to 60- month terms, in 12-month increments, and before the first overhaul. Your marine pleasure craft engine or generator set is eligible once it passes a qualifying inspection performed by an authorized Cat dealer in accordance with the Advantage Certification Inspection Worksheet.
<b>OVERHAUL PROTECTION FOR COMMERCIAL (OPC) ESC</b>	Coverage is available for 12- to 60- month terms, in 12-month increments. Your marine pleasure craft engine or generator set is eligible once a qualifying overhaul has been completed by an authorized Cat dealer in accordance with the OPC Certification Worksheet.
<b>CAT THREE60 PRECISION CONTROL COVERAGE</b>	New ESC coverage is available on all Three60 components in 36- to 60- month terms, in 12-month increments, if purchased before the end of the original factory warranty.

## 2 IDENTIFY YOUR COVERAGE NEEDS

Next, identify the age and current operating hours of your engine or generator set since delivery or overhaul. Then calculate your annual hours of use to choose the best ESC coverage terms to fit your needs.
