

EXPERT CORE RETURN TIPS. MAXIMUM CORE RETURN VALUES.

Our core acceptance standards allow us to keep to our Cat® Reman standards – restoring parts to original specifications and optimal lifespan. We want your core to meet the return criteria. Follow our list of best practices to help ensure you get full credit back.

- Repair your engine before it reaches failure
- Follow your engine's recommended maintenance schedule
- Regularly replace fluids and filters
- Properly store your engine to prevent rust, corrosion or pitting
- When you return your core, it must be completely assembled with all parts intact
- Ensure you have acceptable part numbers

BUILT FOR IT.™

Contact your local Cat® dealer for complete core inspection details.
