

PATENTED SOLUTION SAVES YOU MONEY

IT'S ALL ABOUT MOVING MORE MATERIAL, MORE EFFICIENTLY.

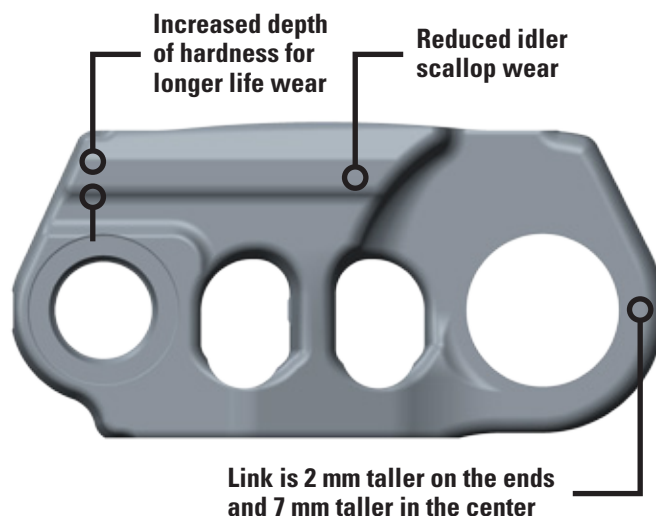

The more precisely the iron matches the application, the more effective and efficient your work will be. We design and manufacture our own undercarriage and continue to develop new innovations to keep your uptime up and your O&O costs down.

20 to 40% longer wear life.

Our latest innovation, Cat® Heavy Duty Extended Life System Undercarriage with Dura Link, will tackle the most rigorous terrain without breaking. And Caterpillar warranty, Undercarriage Assurance Programs, and global Cat dealer support ensure responsive service and long life.

- 40% larger diameter bushing
- 9 mm larger diameter track roller
- Now available on D10; on D11 in 2016

PATENTED CATERPILLAR DESIGN

WHY CAT UNDERCARRIAGE?

Every Cat Undercarriage is designed by Caterpillar engineers and built to exacting specifications based on your real-world experience. All components are integrated with the machine and designed to work as a system. This balance significantly lowers your O&O costs with increased uptime, productivity, and service life. It also reduces maintenance intervals and repair costs. We're built to keep you moving.

To learn more, see *All the Right Choices*, PEDJ0193, or call your Cat dealer today.

BUILT FOR IT.™

"Cat Genuine Undercarriage is never manufactured by a competitor."
