

MARYLAND PROCUREMENT CODE

Fiscal Year End: June 30

1. **Pre-qualifications:** Vendor list available but not required to bid on contracts.
 - a. **21.05.02.06.A** → Vendor lists may be compiled by the procurement agency to provide State agencies with the names of businesses that may be interested in competing for various types of State procurement contracts. Unless otherwise provided, inclusion or exclusion of the name of a business does not indicate whether the business is responsible in respect to a particular procurement or otherwise is capable of successfully performing a State contract. Any person desiring to do business with the State shall submit a bidder's application to the appropriate procurement agency indicating the types or kinds of State procurements for which the vendor wishes to be considered. Out-of-State vendors shall be registered with the Maryland Department of Assessments and Taxation before award of the contract

2. **Auto-drop:** May be removed from vendor list if fail to bid on three consecutive invitations.
 - a. **21.05.02.06.B** → Businesses that fail to respond to solicitations or notices of availability on three consecutive invitations of similar items may be removed by the procurement officer from the applicable vendors list after notice to the vendor. Prospective bidders who were sent solicitations or have obtained bidding documents who have been deleted but who currently meet the criteria for inclusion on the list may be reinstated on the list at their request.

3. **Life Cycle Costing (LCC):** Evaluations based on LCC may be used if LCC is a criteria for evaluation listed in the ITB.
 - a. **21.05.02.13.A** → The contract is to be awarded to the responsible and responsive bidder whose bid meets the requirements and evaluation criteria set forth in the invitation for bids, and is either the most favorable bid price or most favorable evaluated bid price. A bid may not be evaluated for any requirement or criterion that is not disclosed in the invitation for bids
 - b. **21.05.02.13.B** → Bids shall be evaluated to determine which bidder offers the most favorable price to the State in accordance with the evaluation criteria set forth in the invitation for bids. Only objectively measurable criteria which are set forth in the invitation for bids shall be applied in determining the most favorable evaluated bid price. The State reserves the right to make the award by item, or groups of items, or total bid if it is in the best interest of the State to do so unless the bidder specifies in its bid that a partial or progressive award is not acceptable

4. **Piggybacking:** Allowed.
