# Caterpillar (Tianjin)Ltd.

Caterpillar Tianjin Ltd. ("Caterpillar Tianjin") is a Caterpillar wholly-owned subsidiary. Established in Tianjin Airport Economic Area in November 2010, Caterpillar Tianjin has been the single largest investment of Caterpillar in the Asia-Pacific area so far and the only one large engine and generator sets producer in China. It is the third Caterpillar facility in Tianjin after AsiaTrak and AsiaPower systems Ltd.

Covering a land area of 250,000 square meters, the facility manufactures 3500 series generator sets and FG Wilson 400 series generator sets. The products can be used for various industries such as electric power generation, petroleum, well drilling, railway, marine, industrial and mining applications. Once fully operational, Caterpillar Tianjin will become Caterpillar's second largest global manufacturing base for 3500 series generator sets by production capacity.
