

## **CAT REMAN LONG AND SHORT BLOCK**

### **FREQUENTLY ASKED QUESTIONS**

#### **What is included in a Reman Long or Short Block?**

Cat Reman Long and Short Blocks are disassembled, thoroughly flushed to meet rigid cleanliness standards, and 100% inspected for cracking, erosion, or other damages. Block and cylinder head faces are resurfaced to factory specifications. Crankshafts are reground, polished and checked for lift endplay. All bearings, seals, gaskets and piston rings are replaced with new Cat® parts. Blocks are tested electronically to ensure consistent quality and long life.

Cat Reman Short Blocks include a cylinder block, crankshaft, pistons and connecting rods. Long Blocks are Short Blocks with a cylinder head, camshaft, timing gears, lifters and oil cooler. Many Long Blocks also include an oil pump, water pump and other important components.

---

#### **How do I order a Reman Long or Short Block?**

The Reman Long and Short Blocks can be ordered through your local Cat dealer.

---
