

# THE TOP THREE WAYS TO MAINTAIN MARINE POWER SAFETY

## MARINE SAFETY STARTS IN THE ENGINE ROOM

because the safest vessels are the ones with reliable engine and propulsion systems. Here are the top three things you can do to maintain uptime and availability...and how your Cat® dealer can help.

### 1 KEEP UP WITH PREVENTIVE MAINTENANCE

**CAT ADVANTAGE:** Your Cat dealer offers **comprehensive maintenance support**, from reminders about services due to full maintenance contracts that take the burden off of your shoulders.

### 2 USE QUALIFIED SERVICE PERSONNEL

**CAT ADVANTAGE:** Our training is best in class. **Caterpillar Certified Marine Technicians** fully understand everything it takes to service and maintain the evolved componentry on today's propulsion system.

### 3 DON'T IGNORE SMALL PROBLEMS

**CAT ADVANTAGE:** Advanced monitoring and analytics are available through **Cat Marine Asset Intelligence**. Choose from a range of options, from qualified data for do-it-yourself monitoring to Cat fleet advisors who will monitor your data and provide actionable recommendations.

TO LEARN MORE, CONTACT YOUR CAT DEALER OR VISIT OUR [MARINE PRODUCT SUPPORT TRAINING PAGE](#).
