

FIVE WAYS CAT® ROTARY DRILLS DELIVER LONG-TERM VALUE

Cat® Rotary Blasthole Drills are designed, built and supported to deliver a lifetime of exceptional value. Here are five reasons why you can count on Cat Rotary Drills to put more money on your bottom line.

BUILT-IN RELIABILITY

All Cat drills are designed and built from the ground up to deliver maximum reliability even in the toughest environments:

LOW OPERATING COSTS

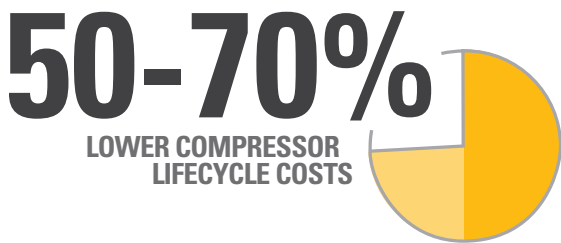

Rugged durability and longer repair intervals add up to low operating costs. Here are some results from a study of the Cat MD6540 vs. competitive machine (except where noted):

\$35/PER HR. PARTS CONSUMPTION ADVANTAGE

LOW ENGINE LOAD FACTORS RESULT IN EFFICIENT FUEL USAGE:
23-24 GAL PER HOUR AT 53-55% LOAD FACTOR
(CAT MD6420C FIELD STUDY)

LONGER REPAIR INTERVALS

Advanced C-Series control systems and durable Cat components result in measurable advantages in meantime to repair.

Cat control technologies help to protect vital systems and components

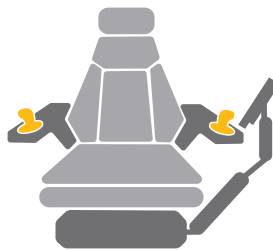

Built-in high-level diagnostics ensure that the right repairs get done quickly

When it's time, a Cat Certified Rebuild delivers a full second service life

COMFORTABLE CAB

Operators prefer the Cat C-Series cab. Built-in comfort and safety details help to retain good drill operators and make them even more productive.

- Ergonomic controls with smooth, precise movement
- Large, safe walkways and drill deck for easy access
- Excellent all-around visibility
- Highly-effective HVAC system for any environment

ROCK SOLID SUPPORT
