

Cat® Extended Service Coverage (ESC)

# 4 EASY STEPS TO PROTECT YOUR PRIME GENERATOR SET

Your operation depends on reliable power. That's why you trust Cat® generator sets. With Cat Financial Insurance Services, you get additional coverage that's just as durable and long-lasting. ESC for **new, used and overhauled prime and rental generator sets** protects your investment and your peace of mind. Choosing coverage is as easy as following these four steps.

## 1 CHOOSE FROM A VARIETY OF COVERAGE OPTIONS

First, extend your protection beyond the original factory warranty by choosing the coverage option that's right for your situation.

<b>NEW ESC</b>	Coverage for electric power prime and rental generator sets is available in 24- to 60- month terms, in 12-month increments, if purchased before the end of your original factory warranty.
<b>ADVANTAGE ESC</b>	Coverage is available after the end of the original factory warranty in 12- to 60- month terms, in 12-month increments, and before the first overhaul. Your prime or rental generator set is eligible if: <ul style="list-style-type: none"><li>&gt; It's less than four years from delivery date and accumulated less than 3,000 hours total use since new, OR</li><li>&gt; It's less than 10 years from build date AND currently enrolled in New ESC or Advantage ESC, OR</li><li>&gt; It passes a qualifying inspection performed by an authorized Cat dealer in accordance with the Advantage Certification Inspection Worksheet.</li></ul>
<b>OVERHAUL PROTECTION FOR COMMERCIAL (OPC) POWER SYSTEMS</b>	Coverage is available in 12- to 60- month terms, in 12-month increments. Your prime or rental generator set is eligible once a qualifying overhaul has been completed by an authorized Cat dealer in accordance with the OPC Certification Worksheet.

## 2 IDENTIFY YOUR COVERAGE NEEDS

Next, identify the age and current operating hours of your generator set since delivery or overhaul. Then calculate your annual hours of use to choose the best ESC coverage terms to fit your needs.
