

CAT® OIL & GAS ENEWS

ISSUE 1

OVERHAUL AND GET ON WITH WORK.

CAT® BUNDLED REPAIR SOLUTIONS

We know you don't have time for overhauls, but it doesn't mean your engine doesn't need one. Our land drilling, gas compression and well services bundled repair solutions are designed to make ordering Cat® parts easier, faster and more cost effective, whether you're performing a Major or Top End Overhaul, or a minor repair. Choose from our Foundational, Advanced and Optimal levels — all flexible and all backed by Cat dealer support.

BUILT FOR IT.

MONITOR EQUIPMENT — FROM ANYWHERE.

Know where your equipment is, what it's doing and how it's performing. Our latest remote monitoring fleet management technology can help you keep an eye on it all, maximizing efficiency, increasing productivity and lowering operating costs. Find out how one equipment manager is using Cat Product Link™ to be everywhere at once.

GET MORE FROM A GAS COMPRESSION ENGINE.

Our new G3600 engine line features ADEM™ A4 technology, which means increased power density, better fuel flexibility and lower NOx emissions. And with Advanced Condition Monitoring built right in, you'll receive maintenance alerts so even the smallest engine need is never overlooked. Get all the G3600 A4 Technology details and discover how it can benefit your business.
