GROUND ENGAGING TOOLS

MADE FOR YOUR APPLICATION

PROTECT EXPENSIVE MACHINE COMPONENTS

The most important part of any machine is its work tool. Buckets or blades, tips or edges, ripper or side cutters—no matter the size, work tools and Ground Engaging Tools (G.E.T.) are the main reason the machine exists. Cat® G.E.T and Work Tools are designed together, as a system, to optimize the performance of your Cat machine. G.E.T. has a direct effect on the machine's ability to produce. Improper selection affects not only your productivity, but also your fuel consumption, maintenance costs and possibly the longevity of your equipment.

Caterpillar offers "off-the-shelf" and custom G.E.T. systems that maximize machine productivity, and your Cat dealer can help you establish an effective management program that minimizes preventable problems and reduces owning and operating costs.

BROAD OFFERING OF PRODUCTS TO FIT ANY AND ALL APPLICATIONS FOR ALL OF YOUR CAT® MACHINES...

WHEEL
LOADER

HYDRAULIC
EXCAVATOR

MOTOR
GRADER

DOZER

FIND THE BALANCE YOU NEED AMONG THESE THREE FACTORS...

For more application and selection information for your wheel loader, excavator, motor grader or dozer, see PEBJ0078.

 **STRENGTH**

The ability to withstand digging and penetrating shocks and high breakout forces

 **PENETRATION**

The ability to penetrate tough material when it's tightly compacted, rocky or frozen

 **WEAR LIFE**

The ability to withstand wearing, scouring and abrasive action of the material being handled

CHOOSING THE CORRECT G.E.T. FOR YOUR APPLICATION CAN REDUCE FUEL CONSUMPTION UP TO **15%** OR MORE.

WEAR SOLUTIONS

Cat offers a complete wear solution for your work tools. If we don't have what you want, we can design and make it for you with our Made As Ordered process.

G.E.T. solutions at your fingertips using the PartsToGo App.
Available for download on Android & iOS.

OPTIONS

CUTTING EDGE & END BIT OPTIONS

We have G.E.T. for your blade, no matter the application or environment. As machines grow larger, their jobs become tougher, and so do Cat G.E.T. Maximum wear life and breakage resistance is possible with our steel alloy that can endure **2x** the heat and pressure of traditional blade steel products.

TIP OFFERINGS TO MEET YOUR NEEDS

	J	K	GENERAL DUTY J	CAPSURE	ADVANSYS
