CAT CONNECT

COMPLETE LINE OF SIGHT TO YOUR OPERATION AND BUSINESS NEEDS

As your business is becoming more complex and there is a greater need to control costs, you're continually being pushed to do more with less. Your ability to monitor operations remotely becomes critical to becoming more efficient and working smarter.

Cat Connect helps you monitor, manage and enhance your operations and provides you more control over your sites.

IMPROVE PERFORMANCE

Increase uptime and reduce operating costs.

- Ensure units are properly loaded and online to meet your power requirements.
- Monitor run hours and fuel consumed to keep your utilization consistent across your fleet.
- Catch problems early and schedule repairs quickly.
- Identify inefficient maintenance practices, and potential technician development needs.

CONTROL COSTS

Monitor production and manage efficiency.

- Track all recommended maintenance, service and save labor costs on unnecessary site visits.
- Remotely monitor usage to spot training opportunities.
- Eliminate the need for third party monitoring.
- Utilize your investment properly by running at peak performance.

REDUCE RISK

Enhance awareness to keep people and equipment safe.

- Utilize the right resources, at the right time, with the right capabilities.
- Maximize uptime and extend equipment life.
- Take advantage of equipment data event logs.
- Receive alerts on simple to correct conditions.

CAT[®] CONNECT

Whatever the future brings, Cat Connect can help you improve your business performance and your bottom line.

Contact your Cat dealer today to start making smart use of technology and services. Together, we'll help you achieve the success you want.

We're built to help you get there.
