

**PROGRESS RAIL SERVICES CORPORATION
STANDARD PURCHASE ORDER TERMS AND CONDITIONS**

1. Definitions. As used herein, the following terms have the meanings indicated:

- a. **“Affiliate”** means any entity that directly or indirectly controls, is controlled by, or is under common control with the Buyer. “Control”, for the purposes of this definition, means direct or indirect ownership or control of more than 50% of the voting interests of the subject entity.
- b. **“Buyer”** means Progress Rail Services Corporation or any of its Subsidiaries or Affiliates, as applicable, including without limitation Electro-Motive Diesel, Inc., entering into a transaction referencing an Order, or these Terms and Conditions
- c. **“Items”** means goods and/or services provided or sold to Buyer from Seller pursuant to an Order.
- d. **“Order”** means a transmission of a purchase order; purchase order release specifying specific quantities, shipping dates or delivery dates; or purchase order revision by Buyer to Seller electronically through a computer network or otherwise, by mail of hard copy, or by such other means as may be agreed by Buyer and Seller in writing, containing information evidencing a commitment by Buyer to purchase Items from Seller.
- e. **“Seller”** means the entity indicated as supplier on the Order.
- f. **“Subsidiary”** means any entity in which Buyer owns 50% or more of the voting interests of the subject entity.
- g. **“Terms and Conditions”** mean these Standard Purchase Order Terms and Conditions.

2. Acceptance of Purchase Order. Any Order referencing these Terms and Conditions is an offer by Buyer to Seller to enter into the purchase agreement described by such Order. Seller shall be deemed to have agreed to and accepted the Order (including any specifications or requirements stated therein) and these Terms and Conditions when Seller:

- a. executes and returns a signed writing indicating its intent to be bound by the Order; or
- b. delivers to Buyer any of the Items ordered; or
- c. renders for Buyer any of the services ordered (where Items ordered are, or include, services).

Any Items received by Buyer shall only be purchased upon the terms of the Order (including these Terms and Conditions), notwithstanding any terms contained in any quotation, acknowledgment, invoice, or other document issued by Seller, or Buyer’s act of accepting or paying for any shipment or any other act. Seller’s acceptance of any Order is unqualified, unconditional, and subject only to these Terms and Conditions and any of Buyer’s terms specifically set forth on the Order or any signed documents referenced in Buyer’s Order. Buyer expressly rejects any additional or different terms and conditions, including those which appear in any quotation, acceptance, shipping documentation, invoice or acknowledgment of Seller. Seller waives any right to contest the validity of these Terms and Conditions, or assert that they are void for any reason, upon Seller’s acceptance of the Order(s) referencing these Terms and Conditions. Buyer reserves the right to update or modify these Terms and Conditions, at its sole discretion, from time to time, without prior notice to Seller. Seller hereby assumes an affirmative obligation to request and review Buyer’s then-current terms and conditions. Each Order shall be subject to the terms and conditions in effect on the date of the Order. Time is of the essence in the fulfillment of the Order because the Items are needed for products or services to be marketed by Buyer.

3. Change Orders. Buyer may, at any time, by a written order, suspend performance hereunder, increase or decrease the ordered quantities, change the scheduled delivery date, or make changes in applicable drawings, designs, or specifications, method of shipment or packing, and/or place of delivery. If the changes cause an increase in the cost or the time required by Seller for performance of the Order, and Seller so notifies Buyer before incurring any costs associated with the change, then Buyer, upon mutual agreement of the parties, may make an equitable adjustment to reflect such additional costs and/or time, and the Order will be modified accordingly. No claim by Seller for such an adjustment will be valid unless asserted within twenty (20) days from the date of receipt by Seller of the notification of change. Nothing in this paragraph is intended to excuse Seller from proceeding with this Order as changed or amended pending resolution of any equitable adjustment.

4. Amendment; Governing Law. No agreement or understanding to modify or supplement any Order or these Terms and Conditions shall be binding upon the Buyer and Seller unless in writing and signed by authorized agents of the Buyer and Seller, which writing must specifically acknowledge that these Terms and Conditions are superseded by such agreement or understanding. These Terms and Conditions and any Order shall be governed by and construed under the laws of the jurisdiction where the office of Buyer issuing such Purchase Order is located, with the exception of its choice of law provisions.

5. Termination. Buyer reserves the right to terminate or suspend any Order and/or any agreement governing or relating to an Order, in whole or in part, without cause, for Buyer’s convenience. Buyer may return, for any or no reason, at its expense, all or a portion of the Items to Seller at any time within 180 days following delivery, without any penalties or restocking fees. Upon notice by Buyer, Seller shall immediately stop all work and observe any instructions from Buyer as to works-in-process. In the event of a termination for convenience, Buyer will determine an equitable

adjustment for work performed as of the notification date which shall be the sole remedy of the Seller for such termination for convenience. Buyer may, by written notice, cancel any Order and/or any agreement governing or relating to an Order, in whole or in part, for breach or default if, in Buyer's good-faith opinion, Seller has (i) failed to make delivery of the Items within the specified time, or any extension thereof; (ii) failed to replace or correct defective Items as directed by Buyer; (iii) failed to perform any of the provisions of the Order; or (iv) failed to make progress under the Order so as to endanger performance in accordance with its terms. If an Order is canceled for Seller's breach or default, Buyer may procure, upon such terms and in such manner as Buyer may deem appropriate, substitute Items similar or substantially similar to those canceled, and Buyer shall not be limited to procuring the least expensive substitute. Without limiting Buyer's remedies, Seller shall be liable for, and shall hold Buyer harmless and indemnify Buyer from, any damages occasioned by Seller's breach or default, including any difference in the cost of obtaining substitute Items. Seller agrees to proceed with any portion of this Order not canceled. If it is determined by a court of law or similar judicial body that Buyer has improperly terminated this contract for breach or default, such termination shall be deemed to be for Buyer's convenience.

6. Shipping Instructions.

- a. **Freight.** Shipping will be as directed by Buyer on the Order, or if not specified, shall be DDP Buyer's receiving facility INCOTERMS 2010. Title shall transfer when risk of loss passes to Buyer under the applicable mode of transport described in INCOTERMS 2010. If a carrier or method of shipment is used that is not specified in the Order or in these Terms and Conditions, without the advance written approval of Buyer, Seller shall be debited for any increase in the cost of the shipment.
- b. **Packaging; Classification; Labeling.** Seller shall ensure that all Items are properly described, classified, packaged, marked, and labeled and are in proper condition for transportation according to applicable regulations and industry standards, including, but not limited to, U.S. Department of Transportation, International Air Transport Association, and the International Maritime Dangerous Goods Code regulations. Seller shall include a packing slip/invoice with all shipments, and all packing slips/invoices related to an Order must reflect Buyer's Order number and respective part numbers as shown on the Order.
- c. **Early/Late Shipments; Overshipments.** On shipments made earlier than the period specified on the Order, Buyer, at its option, may return the Items at Seller's expense and/or withhold payment until the otherwise applicable payment date. Buyer may return overshipments to Seller at Seller's expense. In either case, if Buyer so returns Items, Seller's account shall be debited for the total amount of any invoices (including, but not limited to, shipping expenses and taxes) paid thereon. If Seller's acts or omissions result in Seller's failure to meet Buyer's delivery requirements, Seller shall, at Buyer's option, ship the Items as expeditiously as possible, and bear the costs of any shipment by premium methods or expedited shipments.
- d. **Shipments of Hazardous Materials.** "Hazardous Materials" are defined for purposes of these Terms and Conditions as any substances regulated as contaminants, or as threats or potential threats to human health, safety, or the environment, by any Environmental Requirements (as herein defined). In addition to Sections 6(a)-(c), Seller must comply with the following requirements for shipment of Hazardous Materials:
 - i. Unless otherwise stated on Buyer's Order, the shipping term shall be DDP Buyer's receiving facility INCOTERMS 2010, and title shall transfer upon delivery to Buyer's receiving facility.
 - ii. Seller shall ensure that all personnel shall receive hazardous materials training as required by applicable regulations. Seller shall further ensure that a valid 24-hour emergency response number (domestic and international) is supplied on the shipping documents for Hazardous Materials and that the appropriate material safety data sheet has been given to the proper emergency response organization prior to shipment. Seller shall be shown as the "shipper" on all documents relating to the shipment of any Hazardous Materials provided under the Order. Buyer is not to be shown as the "shipper" on any such documents. Seller may use Buyer-designated carriers for the shipment of Hazardous Materials provided that all the conditions in this Section are met.
 - iii. For all Items, Seller shall provide Buyer with the appropriate hazard classifications and warning messages that should appear on product labels as required by Environmental Requirements, and other laws and regulations of the United States and non-United States jurisdictions in which such Items may be transported or distributed. Seller shall develop, revise, update, and transmit an electronic copy of the current (prepared or revised not more than three years prior to the date of the relevant Order) material safety data sheets for all Items purchased, in the appropriate language and format that may be required by the laws of the jurisdictions in which the Items will be distributed. "Environmental Requirements" means all applicable United States and foreign (non-United States) federal, state, provincial, or local laws, regulations, ordinances, orders, or other pronouncements now in effect or as hereafter amended, that have the force or effect of law, relating to human health or safety and the protection, preservation, or remediation of the environment.

7. Warranty. Seller, in addition to any express or implied warranties of additional scope given to Buyer by Seller, or implied by law, hereby warrants that Items furnished by Seller will be free of any lien or other encumbrance of title; in full conformity with Buyer's instructions, specifications, drawings, and data, and Seller's samples or representations; and will be free from defects in design (to the extent that Seller furnishes the design), materials, and workmanship (a) for a period not to exceed three (3) years from the date the goods are placed into service by Buyer or delivered to Buyer's customer, unless otherwise stated on the face of the Order or (b) for a period not to exceed three (3) years from the date the services are completed and approved by Buyer, unless otherwise stated on the face of the Order. All Seller warranties shall also apply to, and be transferable in full to, Buyer's customers. Seller may not change any specifications, engineering processes, materials, or design without the prior written consent of Buyer. To the extent that the Items include services to Buyer, Seller warrants that it is properly licensed, certified, and trained (in compliance with the applicable standards set forth by relevant governmental or industry association authorities), and that such services will be provided with a degree of care and competence that, at minimum, accords with customary industry standards and practice. Seller agrees that this warranty shall survive acceptance of the Items. Seller shall be responsible for every claim for compensation in respect of damage or injury that is

based on a breach of the foregoing warranty, and, at Buyer's option, Seller shall handle any such claims or shall provide all reasonable assistance to Buyer in Buyer's handling of such claims. Cost of shipping, rework, re-performance, inspection, repackaging, and any related cost shall be paid by Seller. To the fullest extent permitted by law, Seller agrees to indemnify, defend (with counsel reasonably satisfactory to Buyer), and hold harmless Buyer and its parent company, affiliates, and subsidiaries and their respective shareholders, directors, officers, employees, agents, subcontractors, and representatives and any successor in interest to the Items which are the subject of an Order (each a "Buyer Party," and, collectively, the "Buyer Parties") against damages for breach of this warranty or the terms of this Order including any systemic failure and/or recall of any Items.

8. Product Regulations. The term "Product Regulations," as used in these Terms and Conditions, shall mean Environmental Requirements, labeling, marking, license, authorization, certification, country of origin, hazard communication, and other United States, non-United States, and international entity regulatory requirements applicable to the import, export, manufacture, use, sale, packaging, marking, or distribution of Items pursuant to an Order(s). Such Product Regulations specifically include, but are not limited to, California Health & Safety Code Section 25249.5 et seq.; Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act; European Union ("EU") European Conformity marking requirements (including the declaration of conformity, Technical Construction File and user's manual, where applicable); and the following EU Directives, which may apply to the Items: Registration, Evaluation and Authorization of Chemicals (REACH); Restriction on Hazardous Substances Directive 2002/95/EC (ROHS); Machinery Directive; General Product Safety Directive; Directive on Noise Emissions; Directive on Classification, Packaging and Labeling of Dangerous Substances; Limitations Directive (applying to carcinogenic lubricating oils); Directive on Waste Electrical and Electronic Equipment; Directive on Classification, Packaging and Labeling of Dangerous Preparations; Construction Products Directive; Battery Directive; and Gas Appliance Directive. Seller is solely responsible for the compliance of the Items with applicable Product Regulations. Seller agrees to provide to Buyer all information and documentation, including, but not limited to, supply chain data, necessary for Buyer to comply with all Product Regulations applicable to Buyer.

9. Inspection. Items are subject to Buyer's inspection, testing, and approval at all reasonable times, including work in process at Seller's facility. Buyer, at its option, may reject or refuse acceptance of Items that do not meet the requirements of the Order or any applicable warranty. Items rejected or not accepted by Buyer shall be kept by or returned to Seller, at Seller's expense and with Seller bearing any risk of loss in transit, and Seller agrees to refund to Buyer any payments (including, but not limited to, shipping expenses and taxes) made by Buyer for such Items. Payment by Buyer for any Items shall not be deemed an acceptance thereof. Acceptance of any Item shall not relieve Seller from any of its obligations, representations, or warranties hereunder or pursuant hereto.

10. Price, Payment Terms, and Invoices. Seller represents that the price charged to Buyer for Items is at least as low as the price charged by Seller to buyers of a class similar to Buyer under conditions similar to those specified in the Order, and that prices comply with applicable government laws and regulations in effect at the time of quotation, sale, and delivery. Seller agrees that any price reduction regarding any Item that is implemented prior to shipment or rendering of such Items shall be applied to the Order for all shipments or rendering of Items following such price reduction. Buyer may withhold payment until proof of the absence of any liens or encumbrances on the Items is given to Buyer, upon Buyer's request. Further, in addition to any other rights or remedies available to Buyer, Buyer may withhold any payment for non-delivery of Items, or delivery of nonconforming or poor quality Items by Seller, its subcontractors, or its agents. Unless otherwise stated in the Order, Buyer shall pay Seller all undisputed amounts within the time frame set forth on the face of the Order after Buyer receives a correct invoice.

Unless otherwise specified thereon, prices quoted on any Order include any and all charges for the Items ordered (including, but not limited to, any charges for boxing, packing, crating, cartage, taxes, or other additional charges).

Seller shall invoice in an electronic format specified by Buyer and to the electronic location provided by Buyer to Seller. In the event that any Items supplied by Seller pursuant to an Order are properly subject to VAT, and where Buyer has agreed in writing to pay such VAT, Buyer shall, in addition to the price payable for any Items, pay to Seller the appropriate amount of VAT provided that Seller has first issued to Buyer a compliant invoice in accordance with the provisions of the relevant VAT legislation. Where Buyer has agreed, in writing, to pay any taxes relating to any Order, applicable taxes shall be listed separately on the invoice. "VAT" means value added tax or goods and services tax or any other similar transaction tax, but not sales and use tax.

11. Property Furnished to Seller by Buyer. Except as specified below, all patterns, dies, molds, tools, models, jigs, core boxes, piece parts, samples, materials, drawings, specifications, test reports, technical material, advertising material, and any other personal property furnished to Seller by Buyer, or specifically paid for by Buyer for use in performance of an Order (collectively "Materials"), shall be and remain the property of Buyer, shall be subject to disposition according to Buyer's instruction, and shall be used only in filling Orders from Buyer. Seller shall not claim any rights of ownership in any of the Materials and shall not mortgage, encumber, transfer, dispose of, remove, or allow the removal of any of the Materials from Seller's facility to which such Materials are initially delivered, except as permitted or instructed by Buyer in writing. Seller shall take all necessary precautions and actions to preserve and maintain the Materials in good working condition. Seller shall perform any further act and execute, acknowledge, and deliver any further documents that Buyer may reasonably request in order to protect Buyer's title to the Materials. Seller shall at all times clearly identify the Materials as the property of Buyer by labeling the Materials with distinctive markings, and to the extent reasonable, shall keep the same separate and apart from the property of others, including Seller, located in the same facility. Seller shall bear the risk of any damage to or loss of such Materials while in the possession of or under the control of Seller, Seller's agents or in the event of any unauthorized transfer to a third-party. Any waste materials or byproducts generated by or resulting from operations on, use of, or processing of Materials furnished to Seller by Buyer shall be and remain the property of Seller, and Buyer shall have no responsibility in connection therewith.

Any Materials furnished to Seller by Buyer for use in connection with an Order are provided in AS-IS condition, and Buyer makes no representations or warranties of any kind, including warranties relating to the condition of such Materials or their suitability for the purposes required by Seller. BUYER DISCLAIMS ANY AND ALL WARRANTIES ASSOCIATED WITH SUCH MATERIALS, INCLUDING, BUT NOT LIMITED TO, EXPRESS OR IMPLIED WARRANTIES AND WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

12. Confidential Information; Proprietary Rights. Seller shall take all necessary steps to protect Buyer Confidential Information (as defined below) with at least the same degree of care that Seller uses to protect its own confidential and proprietary information of like kind, but in no event less than reasonable care. “Buyer Confidential Information” means all information relating to Buyer’s products or operations that is disclosed to Seller or created during the performance of any Order. Buyer Confidential Information includes all business or technical information that is disclosed to Seller, directly or indirectly, in writing, orally or visually, but does not include information that (a) was already in Seller’s possession before its receipt from Buyer without restriction on its use or disclosure, (b) is or becomes available to the general public through no act or fault of Seller, or (c) is rightfully disclosed to Seller by a third party without restriction on its use or disclosure. Except as otherwise expressly agreed to in writing by Buyer, Seller shall not (i) use any Buyer Confidential Information except to conduct business with or on behalf of Buyer or (ii) disclose to any third party any Buyer Confidential Information, except to conduct business with or on behalf of Buyer, in which event Seller shall (A) first ensure that such third party has signed a written confidentiality agreement having terms at least as restrictive as the terms of this Section 12 and (B) Buyer has consented in writing to such disclosure. At any time, upon Buyer’s request, Seller shall promptly return or destroy any media containing any Buyer Confidential Information.

Except for Seller’s Financial Statements (as defined in this paragraph), Seller shall not disclose any confidential or proprietary information to Buyer, unless Buyer first agrees in writing to the receipt of such confidential or proprietary information. “Financial Statements” means independently audited financial statements (income statement, balance sheet, and cash flow statement) for the previous two (2) fiscal years and interim financial statements through the current fiscal year-to-date period. Upon Buyer’s request, Seller will promptly provide its or Seller’s ultimate parent company’s, as required by Buyer, Financial Statements (collectively, “Seller’s Financial Statements”) to Buyer. Buyer shall hold and safeguard such Financial Statements by using the same degree of care it uses to protect its own Financial Statements, provided, however, that Buyer may disclose Seller’s Financial Statements to a third party contracted to assist Buyer with analyzing Seller’s Financial Statements provided such third party is obligated to maintain the confidentiality of Seller’s Financial Statements to the same extent as Buyer is so required under this Section 12. Seller acknowledges that, except as otherwise expressly agreed to in writing by Buyer, all technical information previously or hereafter disclosed by Seller to Buyer in connection with any Order has been disclosed on a non-confidential basis.

Buyer may have valuable Intellectual Property Rights (as defined below) in tooling, documents, information, and other materials provided to Seller. Seller shall not acquire any right, title, or interest in any Intellectual Property Rights of Buyer. Seller may use the Intellectual Property Rights of Buyer only in the production and supply of Items to Buyer and any Subsidiary or Affiliate of Buyer as Buyer may approve in writing. Without limiting the foregoing, Seller agrees that Items manufactured based on Buyer’s Confidential Information, including drawings or specifications and other Confidential Information, may not be used for Seller’s own use or sold to third parties without Buyer’s prior express written consent. “Intellectual Property Rights” means patents, copyrights, know-how, trade secrets, trademarks, service marks, and industrial design rights.

If an Order includes development, such as designing a unique product or modifying an existing Seller product, Seller grants to Buyer and its Subsidiaries and Affiliates a perpetual, worldwide, paid-up, royalty-free, non-exclusive license, with the right to sublicense, to make, have made, use, offer to sell, sell, export, and import all inventions or other results of Seller’s development work that Seller conceives, develops, acquires, or reduces to practice in the course of performing work under the Order.

Notwithstanding anything contained herein to the contrary, Buyer shall own all Intellectual Property Rights, including any inventions that are derived from, based on, or incorporate any Buyer Confidential Information or Intellectual Property Rights owned by or licensed to Buyer. Seller shall promptly disclose and assign, and hereby does assign, all of Seller’s right, title, and interest in such Intellectual Property Rights to Buyer or shall cause the same to be so assigned. Further, Seller shall execute, or cause to be executed, at Buyer’s expense, all applications, assignments, or other instruments that Buyer may deem necessary in connection with such Intellectual Property Rights.

Seller grants to Buyer and its Subsidiaries and Affiliates the right to repair and reconstruct any Item (including, for example, the right to rebuild the Item and the right to remanufacture any Item by disassembling its constituent components and reassembling old and new components into a remanufactured Item) and the right to have the same done by others on behalf of Buyer and its affiliates, without prosecution or liability under any claim of infringement.

Seller grants to Buyer and its affiliates a perpetual, worldwide, paid-up, royalty-free, nonexclusive license under each copyright that Seller owns, controls, or has a right to license to reproduce, prepare derivatives of, sublicense, distribute, perform, and display any software that is embedded or loaded in the Items (“Embedded Software”) in conjunction with the use or sale of the Items. In addition, Seller grants to Buyer and its affiliates a perpetual, worldwide, paid-up, royalty-free, nonexclusive license under each copyright that Seller owns, controls, or has a right to license in any work of authorship other than Embedded Software fixed in any tangible medium of expression delivered by Seller under an Order (including, without limitation, drawings, prints, manuals, and specifications) to reproduce, prepare derivatives of, distribute, perform, and display such work.

In each subcontract of Seller’s work performed pursuant to an Order, Seller shall obtain for Buyer all of the rights and licenses granted to Buyer under this Section 12.

Seller warrants that the Items do not infringe on any Intellectual Property Rights or other proprietary rights of any third party because or on account of the use, offer to sell, sale, or import/export of any such Items alone or in combination with other Items or materials, except and solely to the extent that such Items are specifically constructed in exact accordance with Buyer’s designs or technical specifications. If any of the Items furnished to Buyer become the subject of an alleged infringement of any Intellectual Property Right of any third party, Seller shall, at its expense, either (i) procure for Buyer the right to continue using the Items; (ii) replace or modify the Items so that they are non-infringing; provided, however, that such replacement or modified Items must provide equal or greater functionality than the original Items; or (iii) if, after exhausting commercially reasonable efforts, Seller is unable to obtain either of the above two results, refund Buyer’s full purchase price.

Seller shall have no right to apply, and further shall not apply, to Items any trademark, logo, or trade dress owned by Buyer, (hereinafter "Buyer's Trademarks") without Buyer's prior written consent. Notwithstanding the foregoing, if Buyer desires for any of Buyer's Trademarks to be applied to an Item, the drawing or print that accompanies the Order shall so state. Alternatively, Seller may be separately authorized to apply any of Buyer's Trademarks to an Item if such authorization is specifically set forth on the Order or otherwise authorized by Buyer in writing. Seller agrees and acknowledges that it shall obtain all design artwork for Buyer's Trademarks from Buyer, that it will not recreate any design aspects of Buyer's Trademarks, and that it will correctly apply Buyer's Trademarks to an Item according to Buyer's specification. If Seller cannot correctly apply Buyer's Trademarks to an Item, it must reject the Order. Further, Seller shall only apply Buyer's Trademarks to those Items specifically referenced in the Order. Seller shall acquire no right whatsoever in Buyer's Trademarks, either express or implied, by estoppel or by implication, through its action in fulfilling an Order.

13. Indemnification and Limitation of Liability. To the fullest extent permitted by law, Seller agrees to indemnify, defend (with counsel reasonably satisfactory to Buyer), and hold harmless the Buyer Parties, from and against any and all demands, claims, causes of action, lawsuits, losses, liabilities, judgments, fines, penalties, costs, and expenses, including reasonable attorneys' fees, expert fees, and court costs (individually or collectively "Claims"), arising by reason of the manufacture, sale, import, export, and/or use of the Items sold hereby, or in connection with or resulting from the acts or omissions of Seller in the performance of an Order. Seller's obligation to indemnify, defend, and hold harmless, as required herein, shall include, directly or indirectly, without limitation: (a) Claims related to infringement or violation of any Intellectual Property Rights or similar rights (including, without limitation, unfair competition); (b) Claims relating to injuries or damage to property or persons, including death or injury to employees or agents, or loss or damage to property, of Seller or a Buyer Party; (c) Claims on account of the acts and/or omissions of Seller, or those for whom Seller is legally responsible or who act on Seller's behalf or who are under its control or direction, including, without limitation, any of Seller's shareholders, directors, officers, employees, agents, subcontractors, and representatives; (d) Claims due to the breach of any warranty or defects of any kind in the material or workmanship of the Items, including the presence or incorporation of any Hazardous Materials in the Items, which are not expressly required by Buyer to be included in the Items; (e) Claims relating to, arising from, or connected with attachments, executions, and liens by creditors of Seller or others making claims arising from or related to Seller's furnishing of Items hereunder or performance of an Order; and (f) Claims relating to, or arising from Seller's non-compliance with Seller's obligations under this Order and these Terms and Conditions, including, without limitation, Seller's non-compliance with Laws, Environmental Requirements, Product Regulations, handling and transportation of Hazardous Materials, Health and Safety Requirements, and EU Product Liability Directive 1999/34/EC of the European Parliament and the Council of 10 May 1999, or any other applicable laws. To the fullest extent allowed by applicable law, Seller's agreement and duty to indemnify, defend, and hold harmless, as required herein, also includes the duty to do so from Claims, directly or indirectly, based on or arising from the negligence or fault of a Buyer Party, except Claims caused directly by the sole negligence or willful misconduct of Buyer Parties. This indemnity and the limitation on the Buyer Parties' liability set forth below shall survive any termination or fulfillment of an Order,

NOTWITHSTANDING ANYTHING ELSE IN AN ORDER OR OTHERWISE, THE BUYER PARTIES WILL NOT BE LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF AN ORDER UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, OR OTHER LEGAL OR EQUITABLE THEORY FOR (I) ANY EXEMPLARY, INCIDENTAL, INDIRECT, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES OR LOST DATA OR LOST PROFITS, EVEN IF ADVISED OR AWARE SUCH ARE POSSIBLE OR LIKELY (II) ANY AMOUNTS IN EXCESS OF THE AMOUNT PAID BY BUYER HEREUNDER FOR THE ITEMS, OR (III) ANY MATTER BEYOND THE BUYER'S REASONABLE CONTROL.

14. Safety and Insurance.

- a. If Seller or its directors, officers, employees, agents, subcontractors, and/or representatives perform any work on Buyer's premises or use Buyer's property either on or away from Buyer's premises, Seller is expressly obligated to:
 - i. Comply with and ensure all of its directors, officers, employees, agents, subcontractors, and representatives comply with all requirements of Buyer's third-party, pre-qualification process, including ongoing requirements.
 - ii. Comply with and ensure all of its directors, officers, employees, agents, subcontractors, and representatives, as well as the employees of its agents, subcontractors and representatives comply with all Health and Safety Requirements (as herein defined). "Health and Safety Requirements" means all United States and foreign (non-United States) federal, state, provincial, or local laws, regulations, ordinances, orders, or other pronouncements now in effect or as hereafter amended, that have the force or effect of law, relating to human health and safety, including, but not limited to, all applicable OSHA regulations.
 - iii. Control the manner and methods of its operations to ensure the safety of its directors, officers, employees, agents, subcontractors, representatives, delegates, invitees, and their respective employees.
 - iv. Designate to Buyer an employee, agent, or representative to ensure ongoing compliance with Buyer's expectations under this section.
 - v. Ensure that its directors, officers, employees, agents, subcontractors, representatives, and their respective employees are adequately trained in all Health and Safety Requirements applicable to the work being performed for Buyer, prior to commencement of that work.
 - vi. Ensure that its directors, officers, employees, agents, subcontractors, representatives, and their respective employees know and are aware of all emergency response procedures and work-site hazards at the premises where work is performed, and use all required personal protective equipment.
 - vii. Arrange for and require its directors, officers, employees, agents, subcontractors, representatives, and their respective employees to submit to pre-hire and post-accident drug and alcohol testing to the fullest extent allowable by applicable law.

- viii. Cooperate with and ensure that its directors, officers, employees, agents, subcontractors, representatives, and their respective employees who are involved cooperate with Buyer in all injury or incident or accident investigations and in responding to requests from OSHA or any other governmental authorities or agencies; complete post-accident investigations; and take all steps necessary to improve workplace safety before work resumes.
- ix. Ensure that all Buyer facility-specific safety and security rules are strictly followed by its directors, officers, employees, agents, subcontractors, representatives, and their respective employees, as set forth in such facility's Contractor Safety Manual, particularly, but not limited to, those rules pertaining to aerial work, operation of motorized work vehicles within the facility, confined space, Hazardous Materials, hot work, and lockout/tagout.

Seller acknowledges that failure to strictly comply with any one or more of the items (i) through (ix), listed immediately above, can result in Buyer requiring Seller to remove one or more of its directors, officers, employees, agents, subcontractors, representatives and/or their respective employees, or Buyer terminating the Order, without any liability of Buyer to Seller for Seller's costs or damages related to such termination.

- b. Seller and its subcontractors and agents, if any, at their sole cost, shall maintain insurance coverage as described below with insurance companies acceptable to Buyer. The limits set forth below are minimum limits and shall not be construed to limit Seller's liability. All cost and deductible amounts shall be for the sole account of Seller and its subcontractors and agents. All policies shall name Buyer as an additional insured per ISO Endorsement CG 2010 (or its equivalent, i.e., a company specific endorsement with the same wording as CG 2010 or a manuscript endorsement with the same wording as CG 2010) (this requirement does not apply to Worker's Compensation and Employers' Liability Insurance) and waive subrogation rights in favor of Buyer. All policies required shall also be designated as primary coverage to any similar coverage carried by Buyer.
 - i. Worker's Compensation and Employers' Liability Insurance providing benefits as required by applicable law with a minimum limit of \$3,000,000 per occurrence or limits set by applicable law, whichever is greater. Alternatively, Seller may have a minimum limit of \$1,000,000 per occurrence, with umbrella/excess coverage of at least \$2,000,000 per occurrence;
 - ii. Commercial General Liability Insurance (Occurrence Coverage), including products, completed operations, contractual liability coverage for indemnities contained in any Order or these Terms and Conditions, and Seller's contingent liability for subcontractors and agents with a minimum combined single limit of liability of \$3,000,000 per occurrence for bodily injury or death and property damage. Alternatively, Seller may have a minimum limit of \$1,000,000 per occurrence, with umbrella/excess coverage of at least \$2,000,000 per occurrence. This coverage shall contain an endorsement, which shall be indicated on the certificate of insurance, removing any exclusion related to operations performed within fifty (50) feet of any railroad property;
 - iii. Commercial Automobile Liability ("CAL") Insurance (Occurrence Coverage) for owned, non-owned, and hired automotive equipment with a minimum combined single limit of liability of \$1,000,000 for each occurrence for bodily injury and property damage;
 - iv. If the Items include work by Seller that involves design, engineering and/or other professional services, Seller shall maintain Errors or Omissions Liability and Professional Liability Insurance with a minimum limit of \$1,000,000 each occurrence, and any other specialty policies with appropriate coverage limits as requested by Buyer;
 - v.
