

Privacy Policy

This privacy notice describes the personal information that we collect from you from this Cat® VR Learning application (this, "Application") and how that information may be used or disclosed by us.

This policy does not apply to information that we collect through other means (e.g., other websites or other methods such as telephone calls), or to information collected on any other company or third-party site regardless of whether such site links to or is accessible from this Application. You should carefully read the privacy notices of any other websites.

This Application does not collect any information about you or your device, it only stores your Cat affiliation type in order to grant or block access to the app content. The current app content is intended to be viewed by Cat employees or Cat dealers only. By accepting this privacy policy, you agree with the following:

- you will be redirected to a Cat website from within the app, where you should identify yourself
- the personal information collected in that step, is owned by the Cat website and not by this app
- when you have successfully identified yourself as a Cat employee or Cat dealer, the site sends a 'token' to the app
- this 'token' tells the app whether you are a Cat dealer / Cat employee and whether the app content can / cannot be accessed
