

PATENTED SOLUTION SAVES YOU MONEY

Heavy Duty Extended Life with DuraLink for D8R/T

IT'S ALL ABOUT MOVING MORE MATERIAL, MORE EFFICIENTLY.

The more precisely the iron matches the application, the more effective and efficient your work will be. We design and manufacture our own undercarriage and continue to develop new innovations to keep your uptime up and your O&O costs down.

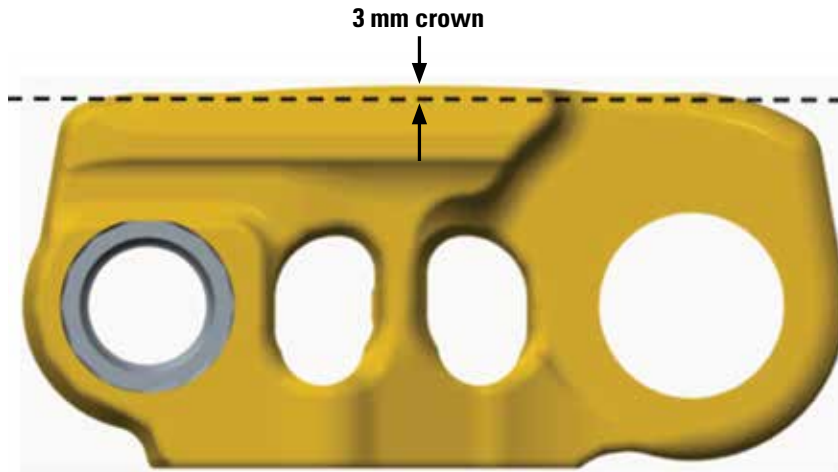

25% longer wear life.

Cat® Heavy Duty Extended Life System Undercarriage with DuraLink will tackle the most rigorous terrain. And Caterpillar warranty, Undercarriage Assurance Programs, and global Cat dealer support ensure responsive service and long life.

Heavy Duty Extended Life with DuraLink for D8R/T

PATENTED CATERPILLAR DESIGN

- Field proven Positive Pin Retention (PPR) track design
- Larger diameter bushing gives 25% more wear life for high abrasion applications
- Higher bushing core hardness for slower wear rate
- Uses existing D8R/T Heavy Duty idlers, rollers, track guides, track shoes, and hardware
- Different pitch sprocket segment required
- Crowned link for reduced link scalloping and improved ride late in wear life
- Longer pitch DuraLink allows for direct compatibility with SystemOne™ equipped machines
- Easily retrofitable on non-SystemOne machines
- Available for D8R/T Track-Type Tractors

“Cat Genuine Undercarriage is never manufactured by a competitor.”

–Tim Nenne
Senior Undercarriage
Market Professional

WHY CAT UNDERCARRIAGE?

Every Cat Undercarriage is designed by Caterpillar engineers and built to exacting specifications based on your real-world experience. All components are integrated with the machine and designed to work as a system. This balance significantly lowers your O&O costs with increased uptime, productivity, and service life. It also reduces maintenance intervals and repair costs. We're built to keep you moving.
