# “Why do I work at Caterpillar?”

“I came to Caterpillar after a career in customer service, and it's a shame I didn't do this 20 years ago. I really enjoy it—the people, the work, the opportunity. And they provide all equipment, protective gear, and uniforms you need; none of it is out of pocket. In some places you'd be supplying that all yourself.”

—Jean, Caterpillar Victoria employee since March 2015

“I'm 23 and building my career at Caterpillar. If you're worried about job security, as with working in the oil field, this is the place where you can count on getting 40 hours a week with benefits, and work in a safe environment.”

—Adrian, Caterpillar Victoria employee since November 2014

“I worked in 100-degree heat in my last warehouse job. A workplace that is climate controlled was a huge plus for me. And as a working mother, I appreciate the stability of this job. There's a lot of opportunity for growth here as long as you have a positive attitude, work hard and embrace change.”

—Wendy, Caterpillar Victoria employee since June 2013

## WE CAN'T BUILD WORLD-CLASS MACHINES WITHOUT PARTS.

From unloading the trucks to delivering parts to the manufacturing line, our warehouse team uses the latest processes and technologies to get the **RIGHT PARTS** to the **RIGHT PLACE** at the **RIGHT TIME**.

We work in a **modern, clean, climate controlled, safe** environment. We make sure our customers have the best quality excavators on the market—machines they need to build the world's infrastructure. Want to create something that makes life better for people around the world?
