

WORLD-CLASS PRODUCTS

Large Hydraulic Excavators

Current models:
336, 349, 352

Cat large excavators made here range from 36 to 52 tons and feed a diverse range of customers in North America and Europe. With powerful yet efficient engines, advanced hydraulic systems, exclusive Cat Connect Technology, and a variety of Cat attachments, our highly versatile excavators help customers complete their large-scale projects on time and within budget.

Forestry Excavators

Current models:
548, 558, 568

Cat forestry excavators are powerfully designed to meet our customers' needs -- ultimate machine efficiency coupled with enhanced performance. Machines harvest, extract and load, and are compatible with a range of Cat attachments. Victoria-made machines range from 200-320 horsepower and are hard at work in the U.S., Canada, Australia and New Zealand.

The products made in Victoria are used in a variety of **bulk earthmoving** and **heavy lifting applications**:

General Construction

Road Building

Logging / Mill yard

Utilities (Power, Water, Sewer)

Demolition

Irrigation

Land Management

PROUD TO BE A LEADER IN THE VICTORIA COMMUNITY

Victoria, population 60,000+, is one of the oldest cities in Texas and serves a retail trade area of more than 250,000 people. Located 30 miles inland from the Gulf of Mexico, Victoria is known as "The Crossroads" because of its convenient location within a two-hour drive of Austin, Houston and San Antonio.

BUILDING TOMORROWS WORKFORCE

Caterpillar Victoria is committed to helping develop the workforce of tomorrow. Partnering with local community organizations and schools at all levels, we help build the real skills needed for today's manufacturing industry. We hire talented team members who embody our corporate values, are creative problem solvers and enjoy working with the latest equipment and robotics.

>> ELEMENTARY AND HIGH SCHOOLS

Victoria County Public & Private Schools

- Junior Achievement
- STEM Outreach Events
- Women in Manufacturing Events
- Career Fairs, Career Days
- Facility Tours

>> TECHNICAL SCHOOL

Victoria College Industrial Training Center

Caterpillar collaborates with the local community college to administer its new hire training and development programs in large, fully equipped classrooms at the college's Industrial Training Center.

>> UNIVERSITIES

Texas A&M University, University of Houston-Victoria

- Participation in UHV's Math & Robotics Awareness Day
- Recruiting events
- Employees invited to serve on academic committees and as guest speakers

VISITORS AND TOURS

As Caterpillar's North American show case facility for excavator production, Victoria features a robust visitor program. In addition to dealer and customer visits, students, government officials, business groups and visiting professionals routinely tour the factory to learn more about our industry-leading production practices. **In 2018, we hosted 750+ visitors from across the globe, including more than 30 customer / dealer tours.**

COMMUNITY INVOLVEMENT

It's important to give back to the community in which we live and work. Caterpillar Victoria provides support to more than two dozen local nonprofits through funding and volunteerism.

United Way of Victoria County:

Each year, our facility United Way campaign generates \$50,000+ for critical community needs. More than 150 team members participate in Day of Caring activities, completing much-needed community projects.

Warrior's Weekend:

Partnering with Holt of Texas, we are a primary sponsor of a special weekend celebration in South Texas each May to honor hundreds of wounded veterans.
