### CHOOSE CAT CONNECT AND GET MORE FROM EVERY ASSET

Cat Connect offers a simple way to:

- [+] Receive and share information about your assets in real time. Whether you're managing a single asset or an entire fleet, customized data is at your fingertips — on the jobsite, on the go or in the office.
- [+] Access web-based maps of your jobsite from any device with an internet connection. Personnel out in the field can see the same view a manager has back in the office.
- [+] View your asset's status, location, engine and electrical parameters and current faults.  
Make more informed decisions with customized alerts sent directly to you by text or email.
- [+] Leverage Cat domain expertise in energy to boost asset performance and life expectancy while lowering the operating costs of all your connected assets.

[ + ] **GET THE DATA YOU NEED TO MEET YOUR ENERGY GOALS**

Cat Connect gives you the customized data you need to identify and resolve problems quickly—often before they result in costly repairs and unscheduled downtime. Choose the Cat Connect features that best fit your goals. Whether you aim to improve efficiency, reduce risk, cut costs or boost your bottom line, the data is at your fingertips through any cellular or local network connection.
