

YELLOWMARK™ OIL

THE RIGHT FIT

FOR YOU, YOUR MACHINE—
AND YOUR BUDGET

No one understands your machine like we do.

Chosen by Caterpillar and ready to buy from your local Cat® dealer, Yellowmark™ Oil gives you a convenient, reliable solution at a lower cost.

Selected especially for (but not limited to) small & medium sized Cat machines in construction applications.

YELLOWMARK™
A Caterpillar Brand

YELLOWMARK™ OIL

Why choose Yellowmark™ Oil?

- A reliable, industry standard option chosen with construction customers in mind
- Several types of oils available, ensuring you'll find one that fits your needs
- Superior Viscosity Index compared to other CH-4 grade oils
- Increased thermal stability and oxidation control
- Enhanced fuel economy with extended oil drain intervals
- Excellent performance and protection for older mechanical engines with zinc additives to ensure a more stable oil film for increased wear protection
- Confidence well beyond industry standards, to achieve optimized performance and productivity for your Cat® Machines and Engines

Typical Characteristics*

SAE Viscosity		15W-40
Flash Point	ASTM D92	244
Pour Point	ASTM D97	-27
Viscosity KV at 40°C	ASTM D445	107
KV at 100°C	ASTM D445	14.7
Viscosity Index	ASTM D2270	142
Sulfated Ash	ASTM D874	1.1
TBN	ASTM D2896	10
Zinc, % wt.	ASTM D4951	0.110
Gravity @ 15.6C API	ASTM D4052	29.2
Specific	ASTM D4052	0.881

Recommended Specific Gravity for use on: Cummins 20076/Volvo VDS-2/Mack EO-M/MB 228.3/MAN M3275-1/ACEA E2/API SJ

* The values shown are typical values and should be used as quality control parameters to either accept or reject product. Specifications are subject to change without notice.

Yellowmark Oil Part Number and Packaging

PART NUMBER	SIZE (L)
575-7650	1
575-7651	4
575-7654	5
575-7656	18
575-7657	20
575-7658	200
575-7659	208

S•O•S Services for early problem detection

S•O•S services combined with Cat Filters ensure highest level of contamination control for your Cat Machines and Engines. This gives you confidence well beyond industry standards, to achieve optimized performance and productivity.

Cat Filters and Fluids: Complete protection for your machine

Combine Cat fluids with Cat filters for the highest level of contamination control and protection of your machine and engines. We recommend Cat filters for all Cat machine applications.

Health & Safety

Under normal conditions of intended use, this product does not pose a risk to health. Excessive exposure may result in eye, skin or respiratory irritation. Always observe good hygiene measures. Read and understand the Material Safety Data Sheet (MSDS) before using this product. For a copy of the MSDS, visit us at:

YELLOWMARK™ OIL

Applications

The best suited oil for your engine typically exceeds API CH-4 specifications, and is specifically formulated for traditional mechanical engines in compliance with Tier 2 emissions standards.

Yellowmark™ Oils are suitable for the following applications:

- Cat® equipment with any of the engine models listed below, that require Cat API CH-4 oils.
- Heavy-duty engines in compliance with API SJ, ACEA E2, Cummins CES 20076, Volvo VDS-2, Mack EO-M and MAN M3275-1.

CAT ENGINE MODEL	CAT MACHINE MODEL
3046	D3C
3054	312, 312B, 422E, 424D, 428B, 428C, 914G
