

Cat® Undercarriage for Small Track-Type Tractors

MORE CHOICES FOR YOUR APPLICATION AND BUDGET

CAT[®]
LET'S DO THE WORK.™

Reduce Cost of Ownership with Cat Undercarriage

GET MAXIMUM SYSTEM LIFE WHILE MINIMIZING MAINTENANCE AND DOWNTIME.

Your undercarriage can average up to

50% of a machine's O&O costs.

It makes sense to invest in a system that delivers the most value.

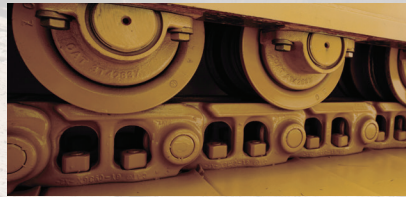

OPTIONS FOR EVERY APPLICATION AND BUDGET

For D1 (D3K2, D3K), D2 (D4K2, D4K), and D3 (D5K2, D5K) Track-Type Tractors*

Cat® Abrasion

- + For high-abrasion applications
- + Longer undercarriage wear life
- + No link assembly maintenance
- + No downtime for bushing turns
- + Less cost per hour by using full link life without a bushing turn
- + 4 yr./6,000 hrs. leakage/breakage protection or 100 percent wear

Heavy Duty

- + Cost effective
- + Eliminates internal pin and bushing wear
- + Long life
- + Universal applications
- + 4 yr./4,000 hrs. leakage/breakage protection or 100 percent wear

General Duty

- + Designed for low to moderate impact applications
- + Low to moderate impact conditions
- + Reliable, lower cost solution
- + 4 yr./3,000 hrs. leakage/breakage protection or 100 percent wear

*Available on legacy models D3G, D3C, D3B, D4G, D4C, D3B, D5G, D5C

A variety of options are available to match your operating environment and your budget. Your Cat dealer can run a cost-per-hour scenario to help determine which undercarriage is best for your business.
