

CAT® CUSTOMER VALUE AGREEMENT (CVA)

CAT MAINTENANCE FOR MINING CONVENIENCE CVA

Maximizing uptime and production on any mining machine requires regular, on-time preventive maintenance (PM). Maintenance for Mining CVAs make it easy to get everything you need for specific maintenance operations – including genuine Cat® parts, Cat filters, fluid analysis supplies and the option to add Cat fluids.* Based on machine hours, your Cat dealer will deliver pre-assembled PM kits right to your site, right when you need them.

Customize Your CVA

Ask your Cat dealer about customizing any of the three available Maintenance for Mining CVAs to meet the unique demands of your business and operations.

MAKING IT EASIER TO KEEP YOUR MINING EQUIPMENT IN TOP SHAPE. **THAT'S A CVA.**

*Cat fluids and filters provided where available.
Appropriate substitutions may be made in some areas.

CUSTOMER VALUE AGREEMENTS – MAINTENANCE FOR MINING CONVENIENCE CVA

OVERVIEW

A Maintenance for Mining Convenience CVA is an essential maintenance management solution for Cat mining equipment. It simplifies your PM operations by making sure your team always has the parts and supplies they need on hand – right when your machine service is due.

COVERAGE

The Maintenance for Mining Convenience CVA includes:

- **PM Kits** – delivered to your site on time, right when you need them.
- **Dealer troubleshooting alerts and advice** based on inspections, machine electronic data and fluid analysis.*
- **Incentive pricing** on Cat dealer S•O•SSM fluid analysis, and on Cat filters with a parts loyalty commitment.
- **Option to upgrade to Condition Monitoring Advisor** services for even more proactive and timely maintenance alerts.
- **Single monthly payment option** – combine CVA costs with machine financing at time of purchase.

**Fluid analysis should be conducted through Cat dealer S•O•S Services or through a dealer-recommended supplier.*

BENEFITS

Lowest Maintenance Cost Per Hour

- On-time maintenance reduces costs per hour.
- Genuine Cat filters and fluids are designed to work together, saving you up to 40-80% on overall costs.
- Up to 80% lower fuel injector cost per hour with Cat filters.

Maximum Uptime

- Cat S•O•S fluids analysis and optional condition monitoring services help to improve uptime while reducing parts and labor costs.
- Up to 6X longer transmission fluid drain intervals and up to 2X longer engine working life with Cat fluids.
- Up to 50% longer component life with Cat filters.

Total Convenience – Tailored Service

- Reduced customer parts inventory.
- Component life guarantees and risk sharing programs.
- Actionable advice provided by your trusted Cat dealer.
- Comprehensive support for every machine in your fleet.
- 100% hassle-free maintenance service.
