

CAT® CUSTOMER VALUE AGREEMENT (CVA) FOR MINING

CAT GET CONVENIENCE CVA

Nothing moves on your mine site until steel meets rock. Making sure you have the right Ground Engaging Tools (GET) on hand—whenever you need them—is essential for maintaining an efficient operation. A Cat® CVA is a smart way to ensure you always have exactly what you need. Your CVA is proactive plan to help you stay on top of GET supply and replacement, while controlling costs and avoiding unplanned downtime.

Customize Your CVA

Ask your Cat dealer about customizing any of the three available GET & Bucket CVAs to meet the unique demands of your business and operations.

Keeping your operation efficient and productive. **That's a CVA.**

CUSTOMER VALUE AGREEMENTS — GET CONVENIENCE CVA

OVERVIEW

A Cat GET Convenience CVA is an essential management solution for mining equipment. It provides predictable costs, increased component life and guaranteed availability.

COVERAGE

The Convenience CVA for GET includes:

- **Complete Inventory Management** — Your dealer manages on-hand GET, saving you time and effort.
- **Pay-As-You-Go Affordability** — You pay only for the GET components you use.
- **Optional Removal & Installation (R&I)** — Receive Instructions and tooling to DIY or opt for our dealer GET R&I services.
- **Asset Optimization with Lip Rebuild Advice** — Wear package and lip rebuild advice from Cat dealer experts.
- **Expert Support and Component Health Management** — Track and monitor GET usage with the Cat App and receive customized advice from your Cat dealer.

BENEFITS

Zero Unplanned Costs

- Pay for GET stock when you use it.
- Pricing terms flexibility with the optional cost-per-ton or cost-per hour model monitoring.

Maximum Uptime

- Right parts at the right time: On-site delivery and inventory management services.
- Minimize downtime: Receive instructions and tooling to remove and install GET quickly, correctly and safely.

100% Performance

- The right parts every time: Dealer experts identify the best GET for your operation.
- Technical consultation: Receive advice from inspection data and opt for the operation and maintenance training for your crew.
