

CAT® REMAN SERIES 4 ELECTRONIC MODULAR CONTROL PANELS (EMCPs)

EMCP 4.2 // 4.2B // 4.3 // 4.4

NEXT-LEVEL TECHNOLOGY. REAL-TIME DATA. DROP-IN READY.

Take control of your Cat® generator set with confidence. Cat Reman Series 4 Electronic Modular Control Panels (EMCPs) are designed to give you smarter, streamlined control over your power source in four options: EMCP 4.2, 4.2B, 4.3 and 4.4. With real-time performance data, improved asset utilization and proactive fault detection, you'll reduce downtime and keep your operation running smoothly, whether it's all Caterpillar or a mixed fleet.

Available in three flexible configurations — from standalone panels to full kits with enclosures — Cat Reman EMCPs offer drop-in replacement solutions, keeping your equipment current even if older models are discontinued. Packed with advanced features, panels include a user-friendly interface, intuitive navigation, paralleling capabilities (EMCP 4.4) and full ethernet support (EMCP 4.3/4.4). Plus, remote monitoring lets you track system health and simplify maintenance — wherever you are, with an active Product Link™ subscription.

Upgrade to a Cat Reman EMCP 4 for a fraction-of-new price with core return¹ when you bring in your EMCP 2 or 3 to your local authorized Cat dealer. It's designed to perform like new, with a same-as-new Caterpillar Limited Warranty².

DROP-IN SOLUTION FOR GENERATORS

REDUCES DOWNTIME AND COST

CATERPILLAR WARRANTIED PRODUCT²

¹Cost savings based on return of core; core conditions apply.

²Warranty can vary by model and application; limitations apply. For complete details about the applicable Caterpillar Limited Warranty, contact an authorized Cat dealer.

A COST-EFFECTIVE SOLUTION. READY TO WORK.

A GLIMPSE INTO THE REMANUFACTURING PROCESS

Parts are disassembled, cleaned and remanufactured with advanced salvage techniques and rigorously tested to make sure they meet Caterpillar performance specifications. The result? A Cat Reman part that delivers like-new performance at a fraction-of-new price with core return¹.

The choice is yours. Whether you need an EMCP 4.2, 4.2B, 4.3 or 4.4 — featuring a new user interface, an integrated voltage regulator, enhanced engine monitoring and more — there's a programmable control panel compatible with Cat diagnostic tools waiting for you.

¹Cost savings based on return of core; core conditions apply.

RETURN YOUR CORE AND SAVE

Flexible core acceptance criteria helps you get more for your money. Return your obsolete EMCP 2 or 3 when you purchase your EMCP 4 upgrade. Through simple, visual inspections, Cat dealers can confirm the core condition of your end-of-life EMCP and determine whether you're eligible for a full or partial refund².

You can be eligible for full core refunds² when:

- Core has an acceptable Cat part number
- Core is fully assembled and complete
- Core is not visibly broken
- Core displays no non-operational damage

²Additional requirements apply. Contact your authorized Cat dealer for more information.

LOWER YOUR TOTAL COST OF OWNERSHIP

For a fraction-of-new price with core return¹, Cat Reman EMCPs are drop-in solutions that are delivered ready to install. They're also covered by a same-as-new, 12-month Caterpillar Limited Warranty³, protecting against Caterpillar defects in material and/or workmanship.

¹Cost savings based on return of core; core conditions apply.

³Warranty can vary by model and application; limitations apply. For complete details about the applicable Caterpillar Limited Warranty, contact an authorized Cat dealer.

YOUR DEALER IS STANDING BY

The Cat dealer network stocks a broad line of Cat Reman parts and components. With 21 Global Caterpillar Parts Distribution centers and more than 2,300 authorized Cat locations, Cat Reman components are drop-in ready solutions, which help you reduce downtime and maintain productivity.
