The store, planned at approximately 120,000 square feet, is part of the company's dynamic growth plan which will result in a 40% expansion of the total square footage of Holt Renfrew's network.

"We are pleased to announce a new Holt Renfrew at Square One. West Toronto and Mississauga are growing, vibrant areas and this is a strong move forward in our plan for an exciting fleet of luxury stores across Canada," said Holt Renfrew President Mark Derbyshire. "We look forward to leading a new era of extraordinary shopping experiences in Canada."

In addition to the new Square One site, a number of stores throughout the network will be renovated and expanded, with some completely rebuilt. The first newly renovated store will be celebrated later this year with the completion of Holt Renfrew Yorkdale in north Toronto, currently undergoing an expansion, doubling in size to over 120,000 square feet. The store remains open through the rebuild, and upon completion will offer innovative luxury services and an enriched array of new designer offerings.
