

- 1 From the login screen, tap "Create an Account."

The screenshot shows the Kwikset login interface. At the top is the Kwikset logo. Below it are two input fields for 'Email' and 'Password'. A red 'Log In' button is centered below the fields. Below the button is a link for 'Forgot Password'. At the bottom, a blue box highlights the 'Create An Account' button.

- 2 Enter your First and Last Name, then tap "Next."

The screenshot shows the Kwikset account creation screen. At the top is a 'Back' button and the Kwikset logo. Below is the instruction: 'Enter the First and Last Name of the account.' There are two input fields, 'First Name' and 'Last Name', which are highlighted with a blue box. Below the fields is a red 'Next' button.

First and Last Name must be 2 to 20 characters, and include at least:

- One letter

- 3 Enter the email address you would like associated with the account, then tap "Send." A verification code will be sent to this email.

The screenshot shows the Kwikset account creation screen. At the top is a 'Back' button and the Kwikset logo. Below is the instruction: 'Please enter the email address of the account. A verification code will be sent to this email address.' There is one input field for 'Email', highlighted with a blue box. Below the field is a red 'Send' button.

- 4 Enter the verification code that was emailed to you, then tap "Verify."

The screenshot shows the Kwikset account creation screen. At the top is a 'Back' button and the Kwikset logo. Below is the instruction: 'Please enter the verification code sent to your email and tap Verify.' There is one input field for 'Code', highlighted with a blue box. Below the field is a red 'Verify' button and a 'Resend' link.

If you do not receive a verification code email within 5 minutes, tap "Resend." Also, check your Spam or Junk folder.

- 5 Enter the mobile phone number you would like associated with the account, then tap "Next." A verification code will be sent to this mobile phone number.

The screenshot shows the Kwikset account creation screen. At the top is a 'Back' button and the Kwikset logo. Below is the instruction: 'Please enter the smartphone number of the account. A verification code will be sent to this number. Standard text rates may apply.' There is one input field for 'Phone Number', highlighted with a blue box. Below the field is a red 'Send' button.

Manually enter phone number. Must be 10 digits (XXX-XXX-XXXX) and be based in the United States or Canada.

- 6 Enter the verification code that was sent to your mobile phone, then tap "Verify."

The screenshot shows the Kwikset account creation screen. At the top is a 'Back' button and the Kwikset logo. Below is the instruction: 'Please enter the verification code sent to your smartphone and tap Verify.' There is one input field for 'Code', highlighted with a blue box. Below the field is a red 'Verify' button and a 'Resend' link.

If you do not receive a verification code text within 5 minutes, check to make sure that you do not have 589-88 in your phone's blocked numbers.

Continue to the next page for additional steps.

7 Select and answer 3 security questions, then tap "Next." Answers must be 3 to 100 characters and be unique.

These will be used for account recovery and lost password.

Please note that Kwikset will not have access to the answers you provide so be sure to remember your answers.

8 Enter a password for your account, then tap "Next."

Password must be 8 to 20 characters, and include at least:

- One uppercase letter
- One lowercase letter
- One number
- One of the following special characters: ^ \$ * ? - ! @ # % &

NOTE: All other special characters and spaces are not allowed.

9 Congratulations! You've successfully created your account!

IMPORTANT NOTE

In some instances, the virtual keyboard may be hiding some fields and the "Next" button. If this occurs, tap "Done" on the virtual keyboard or "Back" on the phone to minimize the virtual keyboard (may vary by device).
