DRIVEWAY BOWLING

Set up paper cups like bowling pins or stack them into a pyramid and then rip and spit to be the first to knock them all down. STRIKE!!!

BUCKET TOSS

Rip your spinner and flick it off your launcher into any empty bucket, pail or trash can. Once you master the toss try moving back three steps further away from your target. SCORE!!!

RAMP LAUNCH

Whether you have a ramp at home or you go to your local skateboard park, all you need to do is rip your spinner and set it loose. Try launching off small ramps or getting just to the top of large ramps. SHRED IT!!!
