RETURNS

We believe our toys and other products must live up to your highest expectations, and our service must live up to the quality of our toys. If for any reason you need to return your order, it's easy! Simply follow the instructions listed on the back of the packing slip you received with your order.

All returns or exchanges must be made within 90 days of receipt of your order and must be accompanied by a Return Authorization Number. To obtain a Return Authorization Number, please call Customer Service at 1-800-835-4386 between the hours of 8:00am-10:00pm EST Monday-Friday and 10:00am-6:00pm EST Saturday and Sunday. Returns of orders that do not include a Return Authorization Number may be subject to additional processing time and delay in crediting your account. Return address information can be found on the packing slip included in your order. All refunds are made in the original payment method. Shipping and handling charges are nonrefundable. We recommend using a shipping method that can be tracked and insured for your protection.

To see complete details for returns, go to LEGO.com/service/help.

APP-POWERED EXCAVATOR

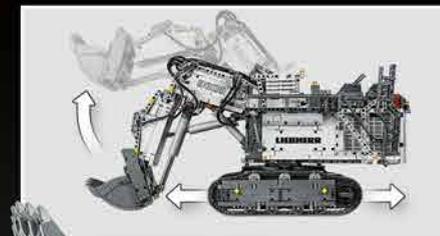

NEW!

Liebherr R 9800 Excavator

42100 AGES 12+ 4,108 PIECES

Get ready for a colossal LEGO® build and play experience with the 4,108-piece LEGO Technic™ Liebherr R 9800 Excavator. Developed in partnership with Liebherr, this replica model is operated via the intuitive LEGO TECHNIC CONTROL+ app and powered by 2 advanced Smart Hubs with 7 motors. The sophisticated app technology enables super-precise movement and amazing functionality, while delivering endless authentic digital play combinations via 4 different control screens with cool graphics. The Multi-function control screen enables users to drive the machine in all directions, rotate the superstructure, extend and raise the boom, open and tilt the bucket, play realistic sound effects and get real-time feedback, such as boom position, power usage and driving distance. With the One-touch screen, users can use drag patterns to control the boom, arm and bucket, while the Custom-built movements screen enables them to choose pre-set commands or record the model's actions to create complex sequences of movements. And, with the Challenges & achievements screen, users can complete challenges to unlock reward badges.

Multi-function control: Drive forward, reverse, steer, rotate the superstructure, extend, raise and lower the boom, open and tilt the bucket and get model feedback, such as boom and superstructure position, power usage and driving distance!
