

# STEP BY STEP GUIDE: INSTALLING CARPET

PARTY RENTAL LTD. 

1

Position the carpet where you would like it.

2

Remove the tape backing off side A and press down firmly to secure the tape.

3

Use the cardboard tube to flatten out the carpet from side A to side B.

4

Holding the carpet taut, remove the backing from side B.

5

Remove the tape backing from side C, smoothing as you go. Repeat for side D so that your carpet is firmly stuck down on all 4 sides.

6

When it is time to unveil your carpet, gently remove the plastic cover.

Carpet is subject to the usual variations of any textile. Dyelots may vary. The carpet may stretch or buckle as a result of changes in humidity and moisture in the environment or the floor/sub-floor it is laid on. Party Rental Ltd. is not responsible for any damages to your existing flooring. Double sided tape is used adhere carpet to flooring. Event Carpet can go on top of other carpet. We suggest using more tape when using on top of carpeting, additional tape available upon request.
