

Infuser Carafe

1X35

Infuser Carafe is an innovative alternative for infusing fruit into cold beverages – perfect for summer entertaining. With odor and stain resistant base, the Infuser Carafe features graduation marks that clearly show the level of beverage in the container and a dual pouring spout with free flowing and ice guard openings.

Care, Use & Safety

Assembly:

- Remove lid and sit infuser piece in base of carafe
- Fill with beverage and ingredients to infuse
- Replace lid to close securely

To keep your new Carafe looking its best, we recommend the following:

- Remove label and wash before use.
- Do not use abrasive cleansers or scrubbers since they may dull the finish.
- This item is made of materials that are safe for normal household dishwashers. Be sure that the item does not come in contact with the dishwasher element to avoid melting.
- Do not use utensils with sharp edges (i.e. knives) in the container, as they could scratch or scuff the container surface.
- Dairy, juice, or other liquids that spoil easily should not be kept in product for prolonged periods. Juice may start to ferment in as little as a day.
- Not intended for use in the freezer or microwave.
- NOTE: Carafe base resists stains and odors. Infuser element may retain contents' color and odor if kept in product for prolonged periods.
- CAUTION: Not intended for use with hot liquids or carbonated beverages. Hot liquids may cause the sides of the bottle to get very hot to the touch, and any pressure build-up in the container could cause the lid to pop open unexpectedly, leading to injury or spills.
