

Kenmore® 4.5 cu. ft. Top-Load Washer, 29262

Key Features:

- Triple Action® impeller
- Accela Wash®
- 4.5 cu. ft. capacity
- Express wash cycle
- Soft close, tempered glass lid

Features:

- Triple Action® Impeller gets loads clean in 3 ways: 1. Spraying Action—spray jets attack dirt from every angle with a concentrated detergent mix. 2. Wash Basket Action—wash basket moves back and forth. 3. Impeller Action—moves clothes in a circular pattern
- Accela-Wash® cleans full-sized loads up to 51% faster* so you can get through more loads in less time. Wash time is reduced by optimizing the wash, rinse and spin actions while also gently raising the wash temperature.
- Express Wash cycle cleans in as little as 30 minutes**
- The Soft Close, tempered glass lid won't slam shut thanks to hinges that allow for the lid to close gently.
- Cold Clean® cleans gently & completely while using up to 90% less energy***.
- Dispenser drawer adds detergent and softener at just the right time in the cycle.
- Select Deep Fill option for loads where extra water is desired.
- The Bulky/Bedding cycle uses hot water and a blend of wash motions to get bulky loads like comforters and blankets fresh and clean.
- Use the intuitive light-touch controls to select the load and cycle options that match the fabric types in each load. Plus, the convenient LED lights provides time remaining and cycle status information.
- The stainless steel wash basket is designed to resist dents, chips and corrosion.
- The Clean Washer cycle helps to keep musty smells away.
- Up to 710 RPM spin speeds remove moisture for less drying time.

*Compared to using a standard 8-lb load, Normal cycle, warm wash temp, extra heavy soil setting.

**Based on a 3-lb load, Express cycle.

***According to EnergyStar.gov, water heating consumes about 90% of the energy it takes to operate a clothes washer.

Available Finishes:

- 29262 White
Item# 02629262000 | Model# 26-29262 | UPC 843086124037
