

Kenmore® 25 cu. ft. Top Freezer Refrigerator, 6136_

Key Features:

- 25 cu. ft. Space Saving Capacity
- Inverter Compressor
- ENERGY STAR® Certified
- 2 Humidity Control Crisper Clear
- Garage Ready

Features:

- Stainless steel features a special coating that stands up to a busy household, so you get a beautiful and durable fingerprint-resistant finish that cleans easily with a damp cloth.
- The Inverter Compressor intelligently maintains a consistent temperature to keep food fresh. It's also quieter, more energy efficient, and operates with less wear and tear than conventional compressors.
- ENERGY STAR® certified to help you save energy.
- Humidity-controlled crispers keep produce fresh and delicious.
- 25 cu. ft. extra-large capacity with a 33" space saving width.
- A garage refrigerator is a convenient place to store extra beverages and food, and this one is garage ready*. Featuring an innovative temperature sensor for optimal performance, drinks and food stay cold and fresh in a wide range of ambient temperatures.
- 5 clear refrigerator door bins plus 1 clear gallon-sized door bin keeps your favorite beverages, condiments, salad dressings, and more organized and within reach.
- 2 clear freezer door bins optimize storage space and provide easy access to smaller items.
- Spill-proof shelves make it easy to clean-up spills and drips while helping to prevent the spill from expanding onto other shelves.
- Customizable, adjustable shelving helps keep you organized and lets you make room for taller items.
- Full-width, tempered glass shelves provide storage flexibility for wide, oversized items like pizza boxes, party trays and sheet cakes. The spill-proof design makes clean-up easy in both the refrigerator and freezer.
- The handy dairy compartment stores butter and spreads at the ideal temperature while the clear cover makes it easy to see what you have on-hand.
- Energy-efficient, long-lasting LED Lighting casts a warm, natural light on the refrigerator's interior making sure nothing is lost in dark corners.
- Reversible doors ensure convenient access in any layout.

*Designed for external temperatures - 38°F - 110°F.
