

# Unlock your business.

Unlock true mobility and empower productivity through untethered freedom, security and an optimal user experience.

Work without barriers and discover more opportunities with the Samsung Galaxy S8/S8+. Designed to give you the flexibility you need to make the best decisions for your business, Unlocked by Samsung smartphones allow you to choose the carrier that works best for you. The 5.8"/6.2" screens and Quad HD+ Super AMOLED displays deliver sharp definition for every business app, while Samsung Knox technology offers enterprise-grade security for all your mobile business data.

### Unlock Freedom

Carrier or no carrier. It's your choice. With Unlocked by Samsung smartphones, you have the freedom to choose what works best for your employees.<sup>1</sup> You can also standardize on one device across multiple carriers, greatly simplifying IT. And no-contract Unlocked by Samsung smartphones can be customized for a company's Wi-Fi only environment where no carrier is necessary, combining the functionality of a tablet with the portability of a hand-held device.

### Unlock the Mobile Device Experience

Unlocked by Samsung smartphones don't come pre-loaded with any carrier apps, so you have a consistent UI, and you can customize device software exactly the way you need it. And Unlocked by Samsung smartphones are optimized for U.S. carrier networks,<sup>2</sup> with access to exclusive Samsung services like Knox and Samsung+ personal support.<sup>3</sup> Nothing will hold you back.

### Unlock Value

When everyone has the same UI, you have lower training, support and connectivity costs. You have the right contract with the carrier of your choice, or even have no carrier at all. Software updates are easily managed, and you can configure devices in bulk. And your unlocked devices are CapEx assets. With Unlocked by Samsung smartphones, you save from start to finish.

### Unlock Defense-Grade Security

The Samsung Knox security platform<sup>4</sup> is embedded within the hardware to ensure security from the chip up, right out of the box. Trusted by 29 governments and voted "most strong" by Gartner<sup>5</sup>, Knox features separate work and personal container solutions that guarantee user privacy while encrypting sensitive corporate data, so you can keep what's yours, yours.<sup>6</sup> Monthly updates keep your Unlocked by Samsung smartphones up to date with the latest security patches. And for added security, advanced iris scanning and fingerprint identification mean the Galaxy S8/S8+ smartphones can be accessed with just a simple look or touch.

### Flexibility and Features to Accomplish More

Tap the dedicated button to access the Bixby Home screen, which serves up learned apps and content based on your location and habits. Bixby Vision image recognition technology allows you to natively read QR and UPC codes and business cards, perform text translation and visual search, and recognize points of interest. Use Bixby Reminder to keep track of the most important things throughout your day.

### Work Bigger, Work Better

With an infinity display that wraps from edge to edge, you can see more, show more and do more in a way that not only helps you look professional, but keeps you looking forward. An advanced 12MP F1.7 Dual Pixel rear-facing camera gives you virtually blur-free image and document capture even in low-light conditions. And an 8MP F1.7 Smart Autofocus front-facing camera enables crystal-clear video calling and conferencing.

### Advanced Features to Help You Achieve Without Limits

Employees stay connected with an all-day battery<sup>7</sup> that offers adaptive fast charging<sup>8</sup> and wireless charging.<sup>9</sup> Expandable storage up to 256GB<sup>10</sup> gives mobile workers the agility to pack more projects to go, and IP68 water resistance<sup>11</sup> keeps them up and running in all environments and weather conditions. The latest version of Knox Workspace<sup>4</sup> supports Google Play for Work inside the container, Multi Window<sup>12</sup> support, speech-to-text, and even more robust IT controls. And DeX lets you connect the Galaxy S8/S8+ to a monitor, keyboard and mouse<sup>13</sup> for a rich desktop-like experience complete with contextual menus, drag-and-drop functionality and multiple, resizable windows.
