Unlock efficiency and productivity.

Unlock true mobility and empower productivity through untethered freedom, security and an optimal user experience.

Work without barriers and discover more opportunities with the Samsung Galaxy J7. Designed to give you the flexibility you need to make the best decisions for your business, Unlocked by Samsung smartphones allow you to choose the carrier that works best for you. The 5.5" HD display facilitates multitasking, while an Octa-Core processor, expanded storage options and long battery life enable work without interruption. And Samsung Knox™ technology offers enterprise-grade security for all your mobile business data

Unlock Freedom

Carrier or no carrier. It's your choice. With Unlocked by Samsung smartphones, you have the freedom to choose what works best for your employees.\(^1\) You can also standardize on one device across multiple carriers, greatly simplifying IT. And no-contract Unlocked by Samsung smartphones can be customized for a company's Wi-Fi only environment where no carrier is necessary, combining the functionality of a tablet with the portability of a hand-held device.

Unlock the Mobile Device Experience

Unlocked by Samsung smartphones don't come pre-loaded with any carrier apps, so you have a consistent UI, and you can customize device software exactly the way you need it. And Unlocked by Samsung smartphones are optimized for U.S. carrier networks, with access to exclusive Samsung services like Knox and Samsung + personal support. Nothing will hold you back.

Unlock Value

When everyone has the same UI, you have lower training, support and connectivity costs. You have the right contract with the carrier of your choice, or even have no carrier at all. Software updates are easily managed, and you can configure devices in bulk. And your unlocked devices are CapEx assets. With Unlocked by Samsung smartphones, you save from start to finish.

Unlock Defense-Grade Security

The Samsung Knox security platform⁴ is embedded within the hardware to ensure security from the chip up, right out of the box. Trusted by 29 governments and voted "most strong" by Gartner⁵, Knox features separate work and personal container solutions that guarantee user privacy while encrypting sensitive corporate data, so you can keep what's yours, 9 and monthly updates keep your Unlocked by Samsung smartphones up to date with the latest security patches.

Premium Design in an Affordable Package

The sleek brushed-metal design, 2.5D rounded glass and non-protruding 8MP f1.9 rear camera/5MP front-facing camera deliver premium design features in a value device.

Long-Lasting Battery and Expandable Memory

The 3300mAh battery is removable and replaceable, giving personnel in the field the ability to be fully powered when they need it. 716GB of internal memory provides plenty of space for files, videos and photos, and if more data storage is needed, 256GB of additional space can be added with a microSD card.8

Seamless Integration and Management

The Galaxy J7 is compatible with some of the most popular MDM, SSO and VPN solutions, making it easy to deploy and integrate without changing existing infrastructure. Bulk enrollment can activate large fleets of devices, while robust IT policies and APIs enable maximum control.

Galaxy J7
