

SET TOP BOX

GX-SM530CF

Smart Media Player

ENJOY THE SIMPLEST WAY TO GO SMART AND GET CABLE.

Cable is only the beginning. With the Smart Media Box, you'll also have access to Smart Apps including Netflix and Hulu Plus. One remote gives you seamless use of both Smart Apps and cable. Plus, it works with any cable provider so no change is necessary. All you need is a cable card provided by your cable company. It costs less than the standard cable box and remote rental.

GX-SM530CF

Smart Media Player

FEATURES

BD Wise™:

Get vivid replay with other Samsung BD Wise™ products when using HDMI connection.

Full Web Browser:

Enjoy all of the benefits of full web browsing right on the big screen. Easily stream your favorite movies and TV shows, download apps, shop online, browse the web, update your status on Facebook® and Twitter,™ and more.

Smart Hub Apps and Service

Our new interface organizes your entertainment and content into 5 convenient panels: On TV, Movies and TV Shows, Social, Apps, and a panel for your Photos, Videos and Music.

AUDIO DECODING FORMATS

Dolby® Digital, Digital Plus, LPCM, AAC, MP3, WMA

VIDEO FILES DECODING FORMATS

MPEG-1/2/4, DivX HD, AVCHD, MKV, WMV, JPEG

CONNECTIVITY

Anynet+™ (HDMI-CEC):

With Samsung's Anynet+ you'll enjoy one-touch control for all your HDMI®- connected compatible devices like your Samsung TV, Blu-ray Disc® Player, AV Receiver and Home Theater.

USB Host:

The range of music sources that you can enjoy is limitlessly widened to those of USB memory, external hard disk, MP3 Player and PMP. (supporting music file formats: MP3, AAC, WMA).

Wi-Fi® Built-in:

With built-in Wi-Fi, no additional cables or wires are needed to connect to your wireless home network. You can wirelessly access Samsung Apps or other Smart features with ease. You can also sync and stream content to other DLNA®- enabled PCs, smartphones, tablets and cameras via Samsung AllShare™ DLNA technology.

AllShare™:

With AllShare, you and your family can seamlessly enjoy content from your Samsung smartphone, tablet, digital camera and laptop wirelessly on your TV. Share music, movies, pictures and other content on your devices with your friends and family on the big screen.

AllShare™ Play:

Samsung's AllShare Play enables you to wirelessly access then stream content from any compatible device, such as a PC or mobile device. That means you can share movies, photos and music all through a single device – your Blu-ray Player. Now with the benefits of web storage, you can access and even share content when you're away from home.

*Compatible mobile devices may vary by region. Cloud storage may require registration with a third party storage provider. Additional internet charges may apply.

AllShare™ Cast:

Allows you to easily share content on your portable device with others by watching it on TV. By connecting your portable device wirelessly to the Blu-ray Disc® Player, you can now send the image to the TV via the HDMI connection and share it with the rest of the room.

HDMI®:

Get superior picture and sound from your HD source. The High-Definition Multimedia Interface (HDMI) is a digital connection that can transmit HD video and audio over a single cable. Use it to optimize the image quality when you connect your TV to high-definition sources such as HD cable TV, satellite receiver, or Blu-ray Disc™ Player. It also features CEC capability, so you can use a remote control handset.

ENERGYSTAR® 3.0

Conserve energy with a 0.3 watt standby consumption rating.
