

UD22B Square Display

Nowadays, it's hip to be square.

JASON'S JEWELERS

World's First Square Display Offers Artistic Flexibility for Maximum Impact

Square. It's the shape of things to come. The distinctive square-shaped UD22B display offers a powerful way to add visual interest and artistically showcase your business message. Its square ratio (1:1) screen and ultra-slim edge-to-edge bezel width of just 5.5mm total (3.7mm upper/left, 1.8mm right/bottom) let you create a captivating video wall that's ideal for interactive point-of-sale and advertising displays. Controlling content is easy with Smart Scheduling, and innovative options provide even greater usability and management. Want to truly stand out? Think square. **Business. Innovated.**

Dramatic Video Walls

The UD22B can be configured in video walls up to 10 x 10 for strikingly different and artistic messaging that draws customer attention.

Easily Manage Content

Smart Scheduling enables video wall content control at all times with up to 3 programmable day/time calendars. The upgraded Multi Display Control allows control of multiple monitors through the embedded RS232C and RJ45 interfaces.

Reduced Operating Expenses

Highly efficient Direct-Lit LED backlighting technology produces high contrast levels for impactful messaging, but also generates less heat. That translates to reduced operating costs.

Powerful Optional Features

Options provide even greater usability. Create video wall arrangements using the push and pull Wall Mount Kit. Create and control content on up to 100 displays with MagicInfo™ video wall software. Or increase PC functionality with the Setback Box-A PC module.
