

Samsung Printer *Xpress* C1810W

Samsung Multifunction *Xpress* C1860FW

EASY-TO-USE, MOBILE-READY COLOR LASER PRINTERS

THEY HAVE A MOBILE IQ AS HIGH AS YOURS.

Everything you need in a color laser printer is what we put into the Samsung Xpress C1810W and C1860FW. With print speeds up to 19 ppm, they keep you productive. With our latest image processing and polymerized toner formulation, they keep you looking professional. The NFC technology makes printing wirelessly from a mobile device a breeze. Just tapping your smartphone is all it takes. Since they're from Samsung, you can also expect easy-to-use functionality and eco-friendly printing options that help you save money. For any small business or home office, it's difficult to find a more intelligent choice.

KEY FEATURES

Get Print on Tap

Near Field Communication (NFC) printing is a wireless sharing technology that enables your mobile device to connect and communicate with your printer. Simply tap your phone or tablet to your multifunction printer, and print.

Easy-to-Use Operating Panel

The large 4.3" color touch screen on the C1860FW model gives you quick and easy access to the printer's advanced print/copy/scan/fax functions and many interface options.

Brilliant, Professional Color

Samsung's ReCP technology and new polymerized toner combine to deliver stunning, vivid professional color with exceptional clarity of both text and graphics.

USB Direct Printing

Do you have jobs stored on a memory stick that you need to print? Just use the USB port conveniently located just below the operating panel (C1860FW only).

Fast Print Speeds

With print speeds up to 19 ppm and a first page out time of just 16 seconds, you spend more time producing and less time waiting.

High Yield, Low Costs

Higher-yield toner cartridges mean more time between changes, saving you time and consumables. And that translates into a lower per-page cost and reduced TCO.
