

Liberate your workday

A 100% mobile day in the life

When you think about the workday of the future, you probably picture no wires; on-the-go productivity; no more cubical limitations; complete mobile functionality. *Why wait?*

Offering everything from multi-tasking to enterprise-grade speed and applications, the Samsung Galaxy Note 5 with its 5.7" Quad HD screen works the way IT and business professionals do—today and tomorrow. But is it enough to take your enterprise 100% mobile? Take a peek into one workday and see what's possible using "only" the Galaxy Note 5...

Enterprise-Class Features

Take advantage of features that enable complete mobile productivity:

-  **Multi Window¹**
Multi-task; split screen and view two documents at once
-  **S-Pen**
Take notes, draw and enjoy mouse-like navigation and editing
-  **Business Apps**
Run all the leading business apps
-  **Adaptive Fast Charging²**
Charge wirelessly³ from 0 – 50% in 30 minutes; 10-minute charge = 4 hours of use
-  **High Performance**
Get more done with faster load times and more RAM than competitors
-  **Ultra Power-Saving Mode**
Text and receive calls for up to 24 hours on a low battery
-  **Enterprise-grade Security**
Protect end-user content with fingerprint scanner⁴ and Samsung KNOX™ security⁵
-  **Easy Collaboration**
Share files and data with Quick Connect; share on larger display with screen mirroring
