

The versatile solution for businesses on the move

Groovv POS Flex mobile point of sale system

Business moves quickly these days. With the Groovv POS Flex system, merchants can not only keep up, they can move their businesses forward. Affordable and simple to use, the Groovv POS Flex serves as a mobile payment station. The Samsung Galaxy Tab E 9.6" touchscreen detaches easily, to take the transaction to the customer. An EMV/NFC-enabled device accepts multiple payment options. And Wi-Fi connections to optional peripherals that include a barcode scanner, combination receipt printer/cash drawer, and kitchen printer turn the Groovv POS Flex into a robust system that can help any business keep moving in the right direction: up.

Groovv POS Flex can help you meet your business goals

Ideal for businesses on the go

The Groovv POS Flex is perfect for businesses that have limited or changing counter space, prefer to design their own setup, want to engage customers at the table or on the retail floor, or travel to customers with a highly mobile business such as a food truck

Move business forward

The Groovv POS Flex provides robust business intelligence, transaction management tools and inventory tools that optimize operations.

Get moving quickly and easily

With a Samsung Galaxy Tab E 9.6" tablet, intuitive software and adjustable hardware, the Groovv POS Flex is easy to set up and requires little training to use.

Improve customer loyalty

Cutting-edge marketing and loyalty programs are embedded to aid business growth.

Free inventory loading

Free inventory loading and ongoing support help merchants get the most from the Groovv POS Flex system.

Groov POS Flex

The flexible, affordable and simple to use POS solution

Samsung Galaxy Tab E 9.6" touchscreen

EMV/NFC payment device

Detachable devices provide additional mobility

Stand folds to 9.6"W x 13.75"L x 3.5"D to be carried anywhere

Add-ons:

Foldable stand and detachable components

With a foldable stand and detachable components, Groov POS Flex provides a fully mobile solution to manage payments, grow sales and optimize virtually any business.

Select add-ons complete your solution

Email or print receipts by adding a WiFi-enabled receipt printer/cash drawer combo. Add a barcode scanner for retail. Or add a kitchen printer for food service establishments.

Easy-to-use system

The Samsung Galaxy Tab E 9.6" touchscreen tablet and the intuitive software are simple to use and require little training.

EMV/NFC-enabled to accept all payment types

Businesses can accept whatever payment type is preferred by customers: Magstripe cards, EMV chip cards, and NFC payments like Samsung Pay, Apple Pay and other digital wallets.

Easy inventory management

The Groov POS Flex helps organize inventory with three hierarchy levels and modifiers, helps track sales to know what's selling, and delivers alerts when items run low.

Powerful back office

Manage single and multiple locations, track employee time, view sales history, discover sales trends and identify the most profitable products to help improve profits.

Cutting-edge, integrated marketing

This advanced, powerful system is profit-minded. It allows merchants to set up customer loyalty programs, send out special offers, and utilize geolocation and beacon-based push notifications when customers are near.

Tipping, split billing and tax settings

Versatility makes it simple to manage tax settings, as well as accommodate requests for split tickets and tipping, which is crucial for restaurants and service-related businesses.

Get started with tailored setup and support

The Groov support team is here to ensure success. They can set up a merchant's inventory and provide ongoing support to make sure merchants get the most from the Groov POS Flex solution.
