

# Your new partners offer an unbeatable eCitation solution.

Samsung and SceneDoc have partnered to bring public safety officers the ultimate eCitation solution.

With large, easy-to-view infinity screens and the very latest in mobility and security, Samsung Galaxy S8/S8+ smartphones offer police officers a trusted, field-worthy device.

SceneDoc is public safety's first all-in-one mobile software for data collection and retrieval. Comprised of a highly configurable mobile application with cloud-based data backup and administration, SceneDoc offers a faster, safer, more accurate way to issue and record citations.

With the Galaxy S8/S8+ smartphones and SceneDoc, officers will have searchable data at their fingertips, spend less time on the roadside, upload data with greater accuracy and save up to an hour per shift. It's an unmatched, easily implemented eCitation solution designed to quickly improve the lives and jobs of patrol officers, clerks and administrators alike.

## Samsung Galaxy S8/S8+

## SceneDoc eCitation Software

### Officers Stay Connected to Critical Data

SceneDoc integrates with NCIC, CPIC and other national databases to provide real-time and critical data right in the palm of your hand.

### Leverages the Full Capability of Mobile Devices

Document scenes faster than ever, share reports from the field and produce visibility to command structure. SceneDoc eCitations works across all your tablets, smartphones and laptops. It also works across your Android, Windows and iOS operating systems.

### Enables Field Personnel to Report at the Point of Need

Securely transmit all required photos, videos, digital annotations, forms and notes to a centralized location for secure storage, collaboration and integration with your organization's RMS or other systems of record.

### Open APIs Simplify the Process

Simplify the push of citations and related data to the Court and/or Records Management System.

### E-Forms Save Time

With a forms builder that you control and manage, your officers can leverage SceneDoc to digitally input an unlimited amount of forms and have data instantaneously searchable by peers and supervisors.

### Facilitates the Sharing of Important Data

Users can share data, perform searches and provide team members and supervisors with visibility to critical data in real time. Data becomes accessible by any authorized user with a device connected to the web, anywhere in the world.

### Maintains a Secure Chain of Custody

Since every action is logged and tagged back to a specific password protected user, the source and history of each piece of information is preserved.

## Samsung Galaxy S8/S8+

### Large Infinity Screens Are Easy to View

The large 5.8" or 6.2" infinity screens<sup>1</sup> wrap from edge to edge, letting you see more at once on the large, stunning display. You can use multiple windows to search information, issue citations and send files.

### Reliability Even in the Worst Weather

With an IP68 rating for water and dust resistance<sup>2</sup>, the Galaxy S8/S8+ smartphones will continue to perform flawlessly in even the worst weather.

### Sharp, Blur-Free 12MP and 8MP Cameras

Document violations, incidents and accidents clearly and blur-free with the 12MP F1.7 Dual Pixel rear-facing camera, even in low-light conditions. An 8MP F1.7 Smart Autofocus front-facing camera enables crystal-clear video calling, for real-time field reports.

### Defense-Grade Security Keeps Data Secure

Trusted by 29 governments and voted the "most strong" mobile security platform by Gartner<sup>3</sup>, Samsung Knox<sup>4</sup> provides defense-grade security from the moment you power on your Galaxy S8/S8+.

### Expandable Memory Provides Space to Store Case Files and Other Information

Up to 256GB of expandable microSD memory<sup>5</sup> gives you room to store large files, videos and other critical data.

### Fast Wireless Charging Keeps You Going

Fast and easy charging<sup>6</sup> means you can power up without having to plug in. You'll be back in the field quickly.

### DeX Provides a Desktop Experience in the Office

Connect the Galaxy S8/S8+ to a monitor, keyboard and mouse<sup>7</sup> for a rich desktop-like experience complete with contextual menus, drag-and-drop functionality and multiple, resizable windows.

### Bixby Assistant Gives You Quick Access

Samsung Bixby<sup>®</sup> Voice, Vision, Home with Activity Zone, and Reminder can give you quick access to your preferred apps and content based on your location and habits, remind you of important events, and so much more.

## Stay Connected Whether You Drive, Ride, Bike or Walk

1. Enter violator data into the S8/S8+.
2. Search any database, get real-time access to cross-agency data.
3. Issue and print the eCitation.
4. Info is automatically loaded to your RMS, with no clerical errors transferring info from your written ticket.
5. Less time is spent on re-entering data, and fewer citations are dismissed due to errors.
