### KEY FEATURES

#### GIGA SOUND POWER (2400 W)

Amplify the volume with 2400 watts of Giga Sound Power, and rock the party wherever and whenever you want.

#### SAMSUNG BLUETOOTH® GIGA APP

Connect and control your Giga Sound System from your phone for the ultimate mobile party experience.

#### RUGGED DESIGN

Samsung Giga speakers feature a rugged, hexagonal design for a look as intense and solid as the sound.

#### DJ BEAT EFFECT

Bring a club atmosphere to your party by adding sound effects to your music – like scratching vinyl and more.

#### BEAT LIGHTING EFFECT

Bring your music to life in full color with LED lights and patterns designed to match the pulse and flow of your tracks and playlists.

#### BLUETOOTH® POWER ON

Connect wirelessly for one-touch control of your Giga System from Bluetooth®-compatible devices. Simply select the Giga System for pairing and automatically power on your Soundbar for a seamless home entertainment experience.

#### BLUETOOTH®

Connect your Giga System with Bluetooth® for seamless wireless control from compatible devices. Use your Giga System as a Bluetooth® speaker to stream music from your smartphone, tablet, or computer.

#### TV SOUNDCONNECT

Wirelessly connect your Giga System to your TV for a clutter-free home entertainment system. TV SoundConnect lets you instantly enjoy movies, music, and TV shows with clearer, more impactful sound.<sup>1</sup>

#### USB CONNECTIVITY

Connect and share all your stored audio files from any USB storage drive or external hard drive.

#### MY KARAOKE

Bring down the house with an epic rendition of your favorite song, or perform the perfect duet - all with amazing clarity and high-quality sound.
