

ALLIED™

Mini-Split Systems

MULTI- AND SINGLE-ZONE DUCTLESS APPLICATIONS

FLEXIBLE, RELIABLE COMFORT
ANYWHERE YOU NEED IT

Flexible Installation, Reliable Equipment. That's Allied.™

When you're adding heating and cooling for a home addition or looking for energy-efficient options for Allied pump options for anywhere in the home, all backed by the comfort and reliability you expect.

Save energy

Enjoy increased energy efficiency—up to 25.5 SEER (25.5 SEER2)—and slash those utility bills by more than half.¹

Conserve space

Address space constraints with a small footprint. Mini-splits offer wall or ground mounting options.

Keep things quiet

Simple to install and repair, Allied mini-splits connect through a small wall opening, blending into your home environment. Relish quiet operation and convenient remote operation.

INSTALLATION EASE

Simple to install and repair, Allied mini-splits connect through a small wall opening, blending into your home environment. Relish quiet operation and convenient remote operation.

1. Energy savings is a rough estimate based on national average cost per KW/h and cooling degree days on a three-ton system. The savings are not guaranteed and depend on various factors such as weather, temperature set points, home insulation, duct work, maintenance and other factors.

ALLIED™ MINI-SPLITS OFFER GREAT FEATURES, SMART DESIGN AND DEPENDABLE HEATING AND COOLING.

Mini-Split Heat Pumps

Advanced features for high efficiency

ENERGY STAR®-certified, rebate-eligible and imminently reliable, our mini-split heat pumps offer affordable inverter technology to deliver temperature stability, energy efficiency and quiet operation in a small outdoor footprint.

4DHP2

- Up to 25.5 SEER / 13.2 HSPF
- Up to 25.5 SEER2 / 12.3 HSPF2
- Multi-zone and single-zone
- Wall and ceiling mount air handler matches

4DHV2

- Up to 21.5 SEER / 10.8 HSPF
- Up to 21.5 SEER2 / 9.4 HSPF2
- Single-zone
- Ductless air handler matches

Ductless Air Handlers

Economical comfort for any space

With customizable humidity control, quiet operation, user-friendly LED temperature display and a small indoor footprint, our ductless air handlers deliver energy-efficient comfort in homes and rooms where traditional ductwork just won't fit.

DWM2

- On/off occupancy sensor
- Fine-tuned humidity control

DWH2

- Low sound levels
- Three-speed blower motor

Make the Comfortable Choice: Mini-Split Systems from Allied™
