

Cat[®] Rakes

319–336 HYDRAULIC EXCAVATORS

FEATURES:

The Right Tool for the Job

- Cat[®] Excavator Rakes are designed for grubbing, piling, and loading trucks and grinders in the General Construction and Forestry industries.

Designed for digging

- Rakes for excavators offer a curved profile for optimal digging and sifting action of debris such as rocks and roots, making them perfect for removing roots during site preparation.

Built to Last

- Tines are built from high strength ASTM A-514 (T1) steel to withstand extreme wear. The 2-inch thick lower tines are equipped with replaceable K90 GET adapters. Spike tips provide maximum penetration and stay sharp for enhanced wear life.

Do More with Your Equipment

- Cat Excavator Rakes are compatible with the Cat Pin Grabber coupler and designed to work with Cat Thumbs to expand your light material handling capabilities.

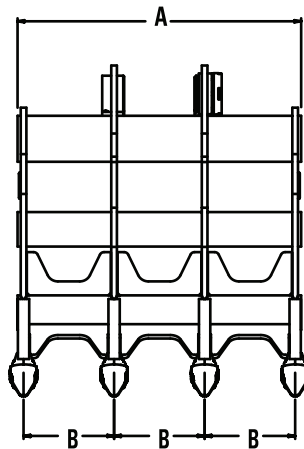

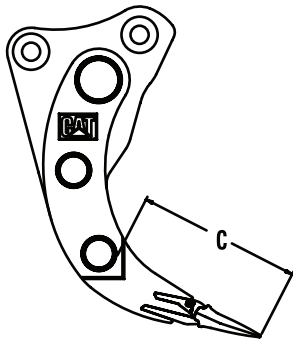

Americas North & South

Cat® Rakes

Specifications & Dimensions

Machine	Linkage	Number of Tines	Approx. Weight		(A) Width		(B) Tine Spacing		(C) Digging Depth	
			kg	(lb)	mm	(in)	mm	(in)	mm	(in)
