Remanufactured Engines Reliability and Value

Cat[®] Marine engines work on the toughest jobs and in the most extreme conditions. Cat Reman engines offer maximum value by providing improved productivity and efficiency at a fraction-of-the-cost of new, while reducing the impact on the environment. The results are maximum engine productivity and lower life cycle costs. As the world's leading remanufacturer of diesel engines, Caterpillar employs state-of-the-art techniques, advanced remanufacturing processes, and genuine Cat parts to return each engine to same-as-new specifications. Cat Reman engines can get you back on the water with same-as-new performance and product quality at a fraction-of-new price.

Reman Engines Benefits:

- Same-as-new performance
- Latest engineering advancements
- Solid warranty protection
- Reduced cost and downtime for repairs and overhauls
- Product availability
- Perfect for giving your boat "new life"

CAT® REMAN C12 ENGINES

Genuine Cat engine parts are specifically engineered to assure maximum performance, reliability and durability.

Engine Features and Benefits

Same-as-New Performance

- Remanufactured using only 100% Cat Remanufactured or New parts
- Incorporate latest engineering advancements of critical design improvements
- Computerized Engine Cell tested for operational and performance indicators

Warranty Protection

- Backed by the full Marine new engine warranty
- Extended Service Coverage availability

Lower Overhaul Costs

- Full exchange credit for engines that meet these basic criteria:
 - Components are not visibly cracked, broken, or welded
 - Fully assembled and complete
 - No non-operational damage due to mishandling, excessive rust, corrosion, or pitting
 - Acceptable Cat part numbers

Availability

- Engines are stocked world wide

Sustainability

- Reuse of much of the original component, remanufacturing conserves most of the energy consumed in the original manufacturing process, contributing to the environment at the same time.

Reman Advantage

When your engine requires service, you need options that get you back in operation quickly, affordably, and reliably. Our Reman coverage for engines provides reliable, lower-cost solutions.

Remanufacturing is more than rebuilding. It is returning engines and components to their original performance specifications and latest engineering changes through the use of state-of-the-art salvage techniques, strict reuse guidelines, advanced manufacturing systems, and unequaled quality control. Restoring original performance is possible since new Cat engines and engine components are built to be remanufactured for a second life.

Product Support Advantage

Guaranteed for fit and function, Cat parts have the right combination of quality and price with total support from your Cat Authorized Service Location. Contact your Cat Dealer to obtain a complete listing of all Reman engines and components available for your Cat engine model.

Contact your local Cat dealer for more information.

CAT DEALERS DEFINE WORLD-CLASS PRODUCT SUPPORT.

We offer you the right parts and service solutions, when and where you need them.

The Cat Dealer network of highly trained experts keeps your entire fleet up and running to maximize your equipment investment.
